Khrushchev Expected to Press Summit Idea

U.S. Leaders Eye Berlin Conference

WASHINGTON (AP) — In spite of talk about a shooting war over Berlin, U.S. officials expressed confidence today that a conflict can be avoided by diplomatic negotiation.

There is considerable belief in high quarters here, however, that Soviet Premier Nikita S. Khrushchev may try to substitute a summit conference for the foreign ministers meeting proposed this week by the Western powers.

Ike Arrives in Mexico for Mateos Talks

BULLETIN

ACAPULCO, Mexico (AP) — President Eisenhower flew into this tropical resort today to begin two days of talks with Mexico's President Adolfo Lopez Mateos.

ACAPULCO, Mexico (AP) — Vacationers in this sunny tropical resort eagerly awaited the arrival today of President Eisenhower for a good visit with Mexican President Adolfo Lopez Mateos.

Communist calls for anti-American demonstrations apparently were being ignored by thousands of holidaying Mexicans and others as the scrubbed and shining city readied its best holiday face for the chief executive from the north.

Communist pamphlets charged Eisenhower was coming to enslave Mexico as a satellite of the United States. But the pamphlets were not widely distributed.

U.S. Secret Service agents here to guard Eisenhower during his two-day visit showed no concern. Mexican police have chased about 150 potential troublemakers out of town.

E. Palestine PTO Urges School Bonds

EAST PALESTINE — The Parent Teachers Organization agreed Wednesday night to join with the Band Parents Club, Mothers Athletic Club, and the Booster Club in sending representatives to the board of education meeting March 2, requesting a bond issue on the November ballot for major school improvements and additions.

Specifically, the request is for a new band practice room and a cafeteria, along with classroom additions at the crowded junior high school building.

Mrs. Herbert Bush and Mrs. Paul Brittain were voted as delegates from the PTO. Other representatives will include Mrs. Edwin McGowan and Mrs. Joseph Rafferty from the Band Parents Club; Mrs. Arthur Knight and Mrs. James Knight of the Mothers Athletic Club, and Charles Brant from the Booster Club.

Kassem's Split With Nasser Threatens Iraq

Premier Popular, But Doubts Shroud Rebel Entourage

BAGHDAD, Iraq (AP) — Premier Abdel Karim Kassem's split with the followers of U.A.R. President Nasser and his closer relations with Iraq's Communists are threatening to tear his revolutionary government apart and plunge the nation into fierce civil strife.

Kassem himself is still extremely popular, but there are many doubts arising about his entourage.

In short, the honeymoon is ending for the revolutionary forces which overthrew the pro-Western government of Nuri Said and assassinated young King Faisal last summer.

With the Nasserites evicted from the Cabinet, the men around Kassem now are dissipating popular enthusiasm for the republican regime by an increasingly stern effort to put Iraq into a quasi-Marxist doctrinal straitjacket through police state methods.

The result is a wave of privately voiced criticism which would have been unthinkable a month ago.

Toward Dictatorship

The trend appears to be toward even more of a military dictatorship, with political inspiration coming from the far left.

The government's new direction stems from Kassem's stubborn determination to rival Nasser as a candidate for eventual leadership of all the Arabs.

To do this under present circumstances Kassem must play along with the Iraqi Communists, in effect giving the Soviets another potential bridgehead in the Middle East.

The underpopulated country is suddenly plagued with unaccustomed unemployment. Various construction projects are at a standstill while the cumbersome bureaucracy hunts for evidence of graft and corruption in pervolution controls.

Merchants report business has never been so bad. People are beginning to feel the economic pinch.

\$110,727 Measure Is Approved By Leetonia Council

LEETONIA — A \$110,727.57 appropriation ordinance for 1959 was approved by Village Council at its meeting Wednesday night.

It is lower than last year's \$114,662.04 appropriation because of less money needed in the bond retirement fund.

Council authorized Allen and Allen, surveyors, to prepare plans and specifications for the lowering of the water and sewer lines under the East Fork of Little Beaver Creek in preparation for the flood relief project.

Clerk M. P. Burick reported receipts of \$340 for sales tax; \$125 for parking meters; and \$976 for gasoline excise tax.

Members of Council approved a measure whereby village employees shall record all repairs and gas and oil consumption entailed by village vehicles.

Those attending the meeting were Mayor Ralph Kennedy, Councilmen James Cimminelli, Jennie Nicolette, Victor Hedi, Dan Cullinan, Richard Carney, Joseph Weikart, Treasurer DeErla Smith and Solicitor Edward Greenamyre.

Teachers In Mahoning Local Ask Pay Boost

Allen West, representing the Mahoning Local Teachers Association, presented a request to the Mahoning Local Board of Education last night for a \$300 across-the-board salary increase for teachers.

The board took the request under consideration.

It was reported to the board that it is the wish of the people to have the 3 mill operating levy submitted to vote on the May 5 primary ballot.

W. C. Smith, superintendent of the Mahoning County Schools, indicated that if there should be a division in the Mahoning Local School District, both districts could still make use of the operating levy.

THEIR KINDNESS REWARDED — The Rev. and Mrs. Vern Willey, of Sioux Rapids, Iowa, has been given the bulk of a \$350,000 estate as a reward for their kindness to the late Miss Dena Schetzberg. The Congregational Church minister and his wife took the ailing Miss Schetzberg with them on their vacations for three years, and she left them the major portion of her estate when she died last Jan. 19. The will was read earlier this week.

Full Session Scheduled

Cyprus Conference Conclusion in Sight

LONDON (AP) — Archbishop Makarios retreated in his demands today and all indications pointed to a successful conclusion — perhaps this afternoon — to the Cyprus independence conference.

A full conference session was scheduled for the afternoon with Prime Ministers Macmillan of Britain, Karamanlis of Greece and Menderes of Turkey attending.

Inclusion of the prime ministers was taken as an indication that agreement was near on the plan to end four years of bloodshed on the strategic east Mediterranean island.

Makarios, leader of the island's Greek Cypriot majority, was reported to have modified his objection to Britain's retention of sovereignty over her military bases on Cyprus.

The bearded 45-year-old politico-churchman modified his earlier objections to the Zurich plan, informants said, after being served this ultimatum:

Accept Blueprint

Accept the blueprint drafted by Greece and Turkey for giving the British crown colony independence or accept the responsibility for the negotiations ending in failure.

Greek Foreign Minister Evangelos Averoff emerged Wednesday night from an emergency session of conferees — including Makarios — and told newsmen: "There is better than a 50-50 chance of success."

Turkish Foreign Minister Fatih Zorlu commented: "Agreement? Maybe tomorrow."

The tense two-hour session came after reports Makarios clashed with the Greek government delegation headed by Premier Constantine Karamanlis. Informants said the two finally had ironed out their differences.

Karamanlis, a staunch supporter of the archbishop in his long fight with Britain to gain freedom for Cyprus, was reported angry at

the city, as well as the state, will participate in the resurfacing of Routes 9, 45, and 62. The state, however, will bear the brunt of the expense. City Council authorized the city's participation in resurfacing Jan. 20.

Attending the meeting with the mayor were: Aubrey Hayes, A. P. Morris, T. E. Miller, Arthur Hanna, Melvin Joy, Robert Chappell, and four delegates from Leetonia: Clarence Wooley, Wilmer D. Swope, Jack Ripley and David Patterson.

Rep. Daniel Reed, 83, Dies in Washington

WASHINGTON (AP) — Rep. Daniel Alden Reed (R-NY) died today at Walter Reed Hospital where he had been receiving treatment for 14 weeks for an infected foot. He was 83.

The veteran congressman, born at Sheridan, N.Y., was elected to Congress Nov. 5, 1918 and has served continuously from New York's 43rd Congressional District since that time.

Reed was chairman of the tax-writing House Ways and Means Committee in the 83rd Congress when the Republicans were in the majority. He was ranking Republican on the group at the time of death.

He was a delegate to the Inter-parliamentary Union meeting in Rome in 1948, and has represented the United States at subsequent meetings of the organization in Sweden, Switzerland and France.

Ohio Industrial Needs Stressed By Gov. DiSalle

Proposed State Economic Group Received Well

Population Boost, Neighbor Pressures Are Among Problems

COLUMBUS, Ohio (P) — Gov. Michael V. DiSalle says the people of Ohio "had better get interested in an aggressive, intelligent, mature effort to develop the state's economic potential."

"In Ohio," he adds, "things are not going as well as we'd like to see them go."

The governor addressed about 490 representatives of industry and public utilities, businessmen and

Hunston, president of the Area Development Council.

community leaders at the State Fairgrounds at an industrial conference Wednesday.

For the most part, they gave a warm welcome to a proposed State Department of Economic Development which DiSalle hopes to have operating by July 1.

The governor, who called the conference, cited a double-barreled threat to the state's economic security: 1. A rapidly increasing population which will need jobs. 2. String efforts by sister states to attract industry.

Hugo Young of Loudonville promised that the Ohio Chamber of Commerce, of which he is president, will "freely and fully give cooperation to Gov. DiSalle in the plan for industrial expansion in Ohio."

Michael J. Lyden of Youngstown, president of the state AFL-CIO Council, said the labor movement also welcomes the idea "and will do everything it can to see that the department is a success."

Edwin C. Higbee, field office manager for the U. S. Department of Commerce, offered the department's services to the governor, to which DiSalle quipped: "One government printing service we'd like to have is the Bureau of Engraving."

The governor said money to operate the new department during the initial months might be obtained from the \$260,000 spent each year to run the existing Economic Development and Publicity Commission, which would be absorbed by the new department; money set aside for the office of the State Coordinator of Atomic Development, which also would be absorbed; plus about \$250,000 in new funds.

Discrimination Bill Passed By Senate

COLUMBUS, Ohio (AP) — The Ohio Senate celebrated Brotherhood Week by passing a bill to prohibit employment discrimination because of race, religion or national origin.

Passage by a 25-6 vote came after a three-hour session. Five Republicans joined the Senate's 20

Democrats in sending the controversial measure to the House.

The House was busy, meanwhile, passing and sending to the Senate, 124-6, a bill to increase fees for services rendered by county offices—a bill designed to give a 5½-million-dollar-a-year financial boost to county governments.

The county fee bill is similar in most respects to a bill passed by the 1957 Legislature bent vetoed by former Gov. C. William O'Neill.

Both Houses were scheduled to start their weekend recess after brief sessions today.

Weathered Storm

The fair employment practice (FEP) bill weathered the Senate storm only after majority Democrats rode rough-shod over 28 Republican amendments. Proposing the amendments were Sens. Gordon Renner and Fred Hoffman, Cincinnati Republicans. Not a single amendment was approved after one of the bill's sponsors, Sen. Charles J. Carney (D-Mahoning), warned against what he called crippling amendments.

Whites and Negroes—about 50—jammed the Senate galleries during the long debate which ended in the first Senate vote on an FEP measure in a decade.

The bill's other sponsor, Sen.

They kept control of the building until President Ernesto de LaGuardia Jr. pledged that the regular councilors would be barred from their offices pending an investigation.

The president ordered the National Guard to leave the demonstrators alone.

The self-described "Revolutionary Municipal Junta" announced it was taking over administration of municipal affairs until the council was replaced. The group is headed by Guillermo Marquez Briceo, a lawyer who gained prominence in 1957 for successfully defending seven persons charged with the assassination of President Jose Antonio Remon.

Space Administration Unveils Spending Plans

WASHINGTON (AP)—The government unveiled spending plans today for a space program that will include half a dozen rocket shots into outer space and launching of an inflatable communications satellite twice the width of a basketball court.

These are among 105 million dollars of projected 1959 spending for which contract awards were announced by the National Aeronautics and Space Administration.

Included in this year's spending plans is 17 million dollars earmarked for equipment for eventual manned space flight—a goal not expected to be achieved this year.

Other major awards for 1959 projects included:

1. \$8,990,000 to the Air Force for deep space probes—shots toward Venus and other planets.

2. \$7,120,000 to the Air Force for Thor-Able rocket boosters to launch satellites and \$8,540,000 to the Army for Juno II satellite boosters.

3. \$2,110,000 to the Army, two million to the Air Force and \$200,000 to the Navy for moon probe projects in addition to the five

The king and queen will be selected by the "penny a vote" method.

The dinner, which is usually held the same time as fun night, is scheduled for April 25 in the multipurpose room at the Washingtonville School.

The Washingtonville PTA members will prepare the dinner with Mrs. Robert Kornbau as chairman. The seventh grade mothers will have charge of the dining room with Mrs. Harry Steele and Mrs. Ralph Cook in charge.

Two Injured In Separate Road Mishaps

Two persons were injured in two of three accidents investigated by the State Highway Patrol on district roads Wednesday.

An auto driven by Howard Tingle, 57, of Columbiana went out of control and struck a utility pole on the right side of Rt. 30, four tenths of a mile east of Minerva, at 12:30 p.m.

Patrolmen said that Tingle had been trying to pass an unknown vehicle when he lost control of his car. He suffered lacerations of the face, and contusions of the chest and is reported in fair condition in Salem City Hospital.

Autos driven by Lois Ann McCall, 24, of East Liverpool, and Noah Carlisle, 57, of Lisbon, collided on the Calcutta-Smith's Ferry Rd., one and a half miles south of Calcutta, at 8:30 a.m., patrolmen reported.

Miss McCall was treated at East Liverpool City Hospital for abrasions of the right knee and lacerations of the face and was released.

Autos driven by Benjamin D. Brunner, 52, of Damascus, and Harold L. Johnson, 44, of Beloit collided at the intersection of Routes 62 and 173 in Westville at 7:20 a.m.

Johnson was arrested for failing to obey a stop sign.

Flood Waters Cause 3 Bridges to Collapse

TIFFIN, Ohio (P) — Three bridges weakened by recent floods have collapsed in Seneca County this week. The Honey Creek Bridge on Ohio 231 and a bridge on Wank Road over a small creek about five miles southwest of here collapsed Wednesday.

No vehicles were on the bridges at the time. A school bus carrying nearly 40 children barely managed to get across a Morrison Road bridge that collapsed Tuesday.

New Projects Discussed by Prospect PTA

New projects were selected at Monday night's meeting of the Prospect Parent-Teacher Association in the school auditorium.

The group plans to purchase a new duplicator, a trophy case and a tape recorder during this term. Mrs. Tom Nedelka heads the committee in charge.

A benefit spring carnival also was planned as a family get-together. Mrs. Glenn Whitcomb, the chairman of the ways and means committee, will appoint her helpers.

Mrs. Michael DeCrow, PTA president, appointed Mrs. Ralph Fratila and Mrs. Richard Bartholomew to serve on the nominating committee, and Mrs. Donald Dean and Mrs. Dale Paxson to serve as auditors.

A discussion period followed the viewing of the film, "From Ten to Twelve." Mrs. Samuel Lewis, principal, read an article written by Katy Collins titled "What Children Need."

The nursery and refreshment committee included Mrs. Wiley Houser, Mrs. Harold Hutchison, Mrs. Willard Stack, Mrs. Robert Roberts, Mrs. Fratila, Mrs. George Duhan, Mrs. Glen Clayton and Mrs. Walter Weber, all mothers of second graders.

New officers will be elected at the March PTA meeting, when the Safety Patrol children will be honored.

Dope Uncovered by 'False' Bomb Threat

ATLANTA (AP)—A short chubby man was arrested aboard an airliner arriving here early today after a telephoned bomb threat uncovered heroin valued at about \$500,000 on the illicit drug market in luggage at a New York airport.

The man carried a New York driver's license issued to Richard Aiston Jr., 44, of Jamaica, Long Island. He was held for investigation, Police Supt. J. L. Tuggle said.

Federal narcotics agents and Atlanta detectives took Aiston, a Negro, off the Capital Airlines Viscount when it arrived in Atlanta at 2:53 a.m. with 13 other passengers aboard.

Police were alerted after the narcotics were found in an unclaimed brown overnight bag taken off the plane at New York's La Guardia Airport as a result of the bomb hoax. Fifty-one packets of heroin were found in the bag.

The New York-Atlanta-New Orleans bound plane was one of four searched in New York.

Government Reduces Support Of Eight Common Farm Crops

WASHINGTON (AP)—The potential producer value of eight crops has been reduced more than half a billion dollars by a cut in government price support levels. The crops are rye, barley, grain sorghums, oats, soybeans, cottonseed, flaxseed and dry beans.

Secretary of Agriculture Benson announced Wednesday that his department will support prices of these crops at lower levels, this year than last.

Should market prices adjust to the lower supports—as they are expected to do in view of the existing price-depressing surpluses—grower returns would be decreased correspondingly.

Likewise, the government's own outlay on supplies which it would take over under price support operations would be reduced also.

In the case of a ninth crop—corn—Benson set a new rate which probably will have little effect on the value of this crop.

Newly announced supports for this year compared with last year, respectively, included: Rye 90 cents a bushel this year \$1.10 last; barley 77 cents and 93 cents; grain sorghums \$1.52 and \$1.83 a hundred pounds; oats 50 cents and 61 cents a bushel; soybeans \$1.85 and \$2.02; flaxseed \$2.38 and \$2.73; dry beans \$5.35 and \$6.18 a hundred pounds; and cottonseed \$38 and \$45 a ton for cottonseed stored on farms and \$34 and \$41 for cottonseed purchased by the government.

On the basis of crops of the size produced last year, these reductions in supports—if reflected in market prices—would reduce the value of these crops roughly as follows: Rye \$6,400,000; barley 75 millions; grain sorghums 100 millions; oats 156 millions; soybeans 160 millions; flaxseed 16 millions; dry beans \$3,400,000 and cottonseed 35 millions.

In the case of corn, Benson set the 1959 rate at a minimum of \$1.12 a bushel. This compares with last year's dual rate of \$1.36 for corn grown on farms complying with acreage allotments and \$1.06 for corn grown on noncomplying farms.

Under a new program in effect this year, there will be no acreage allotments. Farmers will be free to produce all the corn they desire. But there will be a single rate of \$1.12.

4 Strikers Charged With Obstruction

WOODSFIELD, Ohio (AP)—Four pickets face arraignment here today on charges of obstructing a sheriff from performing his duty.

Sheriff Homer Antill filed the misdemeanor charges against them for being in a group that almost upset his car when he tried to lead a fleet of 10 trucks into the strikebound Olin-Mathieson Aluminum plant Wednesday.

Local 5760 of the United Steel Workers Union has been striking at the plant, near Clarington on the Ohio River, for 2½ weeks.

Antill said he was met by a group of 100 to 125 pickets who blocked his path and refused to move when he tried twice to drive through the plant gate.

On his third try, he said, about 20 pickets lifted his car partly off the ground. He arrested four and held them in Monroe County Jail here.

They are George Walters and Robert Reagan, both of Sardin, and James Bowen and James Leasure, both of Woodsfield.

The trucks were still outside the plant gates today.

James Neuhart, president of the striking local, said negotiations were called off Saturday after the talks reached an impasse over a seniority clause. He said all other contract terms have been resolved. No further talks are scheduled.

CLEVELAND (AP)—Ohio Turnpike officials have been getting queries about flying automobiles.

That's right, flying automobiles. Some people owning certain 1959 models have inquired about reports their cars are banned because they take off at high speeds.

C. W. Hartford, Turnpike executive director, said he has heard the reports and to his knowledge the stories are completely without foundation. No cars, 1959 or otherwise, have been known to take off while cruising on the Turnpike.

Lt. John L. Bishop of the Ohio Turnpike Patrol said he had received inquiries about flying autos, but he was unable to say what might have prompted the rumors.

One story supposedly concerns an accident in which a wing-tailed auto is said to have flown into the side of a big tractor-trailer.

One expert in aerodynamics, in answer to a reporter's question, said a fast-moving auto could be drawn toward a speeding truck-trailer because of low pressure or suction, but this could happen to any make or model car.

WELDING THE CURTAIN TIGHTER — Gradually and quietly, the economies of the Soviet bloc nations in Europe are being geared together. Goal is to synchronize the industrial output of all the Communist countries with Russia's just-launched Seven Year Plan. Newsmap above illustrates how production of certain items is divided among East Germany, Poland, Russia, Czechoslovakia and Hungary. Also, how members of the bloc are investing in each other's development. Quantities to be produced, and monopolies in some fields, have been worked out under the watchful eye of the U.S.S.R., upon whose markets and materials the satellite nations are greatly dependent.

Honor Society At Lisbon Initiates 10

LISBON — Six seniors and four Juniors became members of David Anderson High School's National Honor Society at ceremonies held Wednesday.

Seniors elected were Joyce Cihfield, Kay Duke, Mary Lynn Heim, Janet Jones, Sandra Kennedy and Betty Wandle. Juniors are Tom Brooks, Bonita Crosser, Eileen McCullough and Kay Thorne.

Only 15 per cent of a senior class may become members, and only 5 per cent of the junior class is eligible.

To be elected to the National Honor Society, a student must be in the upper third of his class and must receive a majority of votes cast by secret ballot by members of the faculty, Principal George M. Nace Jr., explained.

Harry Conn and Kenneth Moore are the other members of the society. They are both seniors, having been elected during their junior year.

Teen-Age Code for Young Adults

The recent panel discussion conducted by the Parent-Teacher Associations of the High School and Junior High on the suggested adoption of a teen-age code proved to be one of the most interesting PTA meetings held in local schools in many months.

Adults and young adults exchanged views in a frank discussion of social behavior by teenagers and the need for a higher degree of mutual respect and a closer understanding between parents and their teen-age sons and daughters.

Since not all youngsters in the teen-age classification are wild, irresponsible children, young people in some states like Oregon and Minnesota have adopted a Code of Conduct to prove their point. The code provides for close relationships between parents

and children; planning together, including the management of money; the home as a center of entertaining; parental consent for driving the family car after proper training; smoking only at home and then with parental consent; and the absolute prohibition of drinking.

The basic philosophy of the code, which won favor at the PTA meeting, is that parents should know what their children are doing at all times and with whom. The code certainly has merit and should be recommended for the consideration of all young people and parents.

Unfortunately, some teen-agers will scoff at such a code; any rule, in fact, but they and their parents are the ones who will suffer.

Poof! There Would Go the Racketeers!

Right off the bat, Gov. DiSalle's proposal for a criminal conspiracy law in Ohio to discourage syndicate crime will make Ohioans recall how things used to be when every nook and cranny in the state held a battery of slot machines and nothing could be done about them, short of catching someone in the act of putting money into or getting money out of them.

The instant it was made illegal to possess slot machines in this state, even for their transportation from one place to another, that particular problem in quick-turnover racketeering disappeared. A slot machine in Ohio these days is a curiosity, usually found in a basement rumpus room, where it brings on a touch of nostalgia.

A criminal conspiracy law would have the same effect. It would become a felony for two or more persons to chum up in a scheme to violate the law. There would be no need to wait until the damage had been done in a way to constitute evidence that the law had been violated. In thousands of cases every year, law enforcement agents know whose heads have been put together to bring about

a violation of the law yet cannot obtain evidence that the violation has occurred, even though they know it has occurred. And in other thousands they nab the low man on the totem pole when they need to nab the high one.

Whether the General Assembly wants to knock off racketeering is another question. For a long time it didn't want to knock off slot-machine operators. Once the legislators had made up their minds to call a halt, it was easy. It always is, contrary to the impression that law enforcement is a kind of losing battle against forces that are superior in numbers and cunning.

We could wish that Gov. DiSalle had said something about some kind of a state police force to keep tabs on big-time conspiracies that cover more than one police jurisdiction. This has been an Ohio weakness pointed out by his two immediate predecessors. Crime is statewide. Police work in Ohio, except for instances of cooperation under special circumstances, is local. Ohio needs a minimum of statewide police protection if it tends to match wits with crime syndicates.

What Was That About Spending?

If Samuel Lubell has been ringing the right doorbells in his post-election survey for the Saturday Evening Post, there are going to be some sick Spendocrats.

Lubell's findings in his special kind of survey, which consists of person-to-person interviews in typical communities, indicate that voters were going on record against inflation and taxation. They were in a mood to throw out the ins, as represented by a Republican occupant of the White House. So they threw out the next best thing, which was Republican candidates.

There were other motivations, of course — the right-to-work issue in some states and the usual criss-cross and mish-mah of personalities and local issues. In some places Democrats were thrown out, as happened in the New York election for governor.

But in a general sense, it was a vote of resentment against things as they were that was registered at the polls last November. It was no mandate to Spendocrats to speed up the open-handed distribution of public money.

LUBELL SUGGESTS that early indications of overwhelming displeasure with Republicans, when appraised more deliberately, suggest overwhelming displeasure with things associated with the Eisenhower administration. The same displeasure, in his view, might assert itself again in 1960 in congressional elections with the opposite effect. It might sweep out Democrats as willy-nilly as it has swept out Republicans.

The question is whether voters will see the connection between deficit financing and inflation and between high prices and high costs of doing business. If they once see the

Do I hear you gaily utter:
"Forward, girls, but not with butter!"?

MRS. ELEANOR ROOSEVELT is, or was, in negotiations for doing a TV commercial. Throughout history the picture of the widow of a President doing a sales pitch would have seemed astonishing, but this is an age of endorsements by personalities on all levels. The day may come when perhaps the White House itself will be linked into plugs for noodle soups, canned spaghetti, etc.

It's reported she may plug margarine. Her stand on butter has never been announced but when any Roosevelt comes out for margarine it can be important.

The question is how much resentment may be felt by people who have been with her all these years assuming she liked butter or was at least neutral.

The leap from a speech on vital United Nations project to "Yes, if you want a spread that means happiness and a better life try margarine" will be quite a jump, exceeded only by TV screen switch from a margarine sales talk to a plea for a better foreign policy.

ONCE A WOMAN of Mrs. Roosevelt's fame and prominence gets into commercials there can be bids to get Mrs. Harry Truman to make sales pitches for floor waxes, detergents, etc., and for wives of famed ex-Cabinet

officers to interrupt the stirring airwave program with a plug for iceboxes, linoleums and cake mixes.

The fact that Mrs. U.S. Grant never plugged a facial cream and that the wives of George Washington, Abraham Lincoln, and Teddy Roosevelt made no public endorsement of a bottled horseradish, soap powder or frozen codfish can be easily forgotten. Be that as it may, good luck to Mrs. Roosevelt. If she has the vitality and vim we have the receptibility.

Deliver to Walter Reed Hospital, He Says . . .

Great Story of Day

By RALPH MCGILL

ATLANTA

An intelligent observer, with an hour to wait in the Elath Airport near Solomon's old seaport in Israel, wrote a letter:

"A visit here would renew many faiths in man's ability to rise above all disaster and tragedy, in what man can do with intelligence, will, work and courage. The accomplishments in the six years since my last visit defy belief. You see them and, remembering the past, you wonder if they can be real.

"I have seen the country now from the sea to Jerusalem and from the north to the port of Elath, where the lights of Aquaba seem almost to shine in your eyes, so near it is. There, two Israeli destroyers stand guard and the United Nations' house gives comfort. But, perhaps even more significant, a new Israeli factory prepares

granite for export to Italy and ships load other cargo and bring in oil for the pipeline.

"The increase in fruit orchards, vineyards and wooded area through Galilee and in the Jerusalem corridor is tremendous. In the latter, the terracing walls are built with stones painfully dug out of the worn-out soil.

"So much more is needed to build further for the present population. But, on top of this need will come that of the current immigration of Romanians . . . 100,000 expected this year. But there is vitality and hope here such as I have found nowhere else on this long journey. (It included Europe, India, Iran.)

"The drive down here to the Gulf of Aquaba is a spectacular one, reminiscent of land formations in Arizona . . . canyons, craters, colors . . . but, what dominates every thing are the constant changes and

the great determination to build a country."

ELATH, from which the letter was written, is a familiar feature of the story of Solomon and the building of the temple, the visit of the Queen of Sheba and the great shipping which came to it. We find it in Kings, IX-26: "And King Solomon made a navy of ships in Eziongeber, which is beside Elath, on the shores of the Red Sea, in the land of Edom. And Hiram sent in the navy his servants, shipmen that had knowledge of the sea, with the servants of Solomon. And they came to Ophir, and fetched from thence gold, four hundred and twenty talents, and brought it to King Solomon. . . ."

Now one gets an airmail letter from the airport there.

Mention of the 100,000 Romanians who are immigrating to Israel is one of the great and somewhat mysterious stories of our time. Until now the Soviet Union has refused to permit any migration of Jews from Communist lands to Israel. It would have been a confession that the U.S.S.R. was not, as claimed, a paradise for all.

THERE IS YET another aspect, an important one.

Permitting 100,000 Jews to migrate from Romania to Israel is an affront to Nasser of Egypt and all other Arab nations which bitterly resent any increase in Israel's strength.

The Romanians will bring skills and manpower. They will be a tremendous drain on the resources of supply and housing until they can be integrated into the agricultural and industrial life of the state. But they will provide extra hands and Israel is perhaps the hardest working country in the free world today.

Permission for the Romanians to move to Israel, with the possibility that others from other Communist satellites will receive it, marks a major shift in Soviet policy. It means they are not now too interested in keeping Egypt happy.

It is most unlikely, but it might mean eventual Soviet trade with Israel. The new nation is the only industrial center in the Middle East.

Useless Conference

By DAVID LAWRENCE

Russians Told 'Lie' About 17 U.S. Airmen

What's the use of having a foreign ministers' conference about Berlin or anything else with the Soviet government, when it has deliberately told the world a lie about the murderous assault on 17 American airmen aboard an unarmed transport plane last September?

Again the Soviet government has refused to listen to a tape recording which reveals in detail the conversation of the Soviet airmen as they killed the 17 Americans. Though the Moscow government calls the tape recording a "fake," it doesn't explain why it will not permit any of its representatives in this country to listen to the tape or why it has consistently refused to let any American representative visit the scene of the crash to examine the wreckage.

The State Department has challenged the Soviet government to listen to the tape recording, and there can be only one inference from the Kremlin's refusal — that the Soviets do not wish to acknowledge the existence of such a tape because they know they cannot deny everything in it.

Thus, in an article published in a Soviet aviation journal just after the tragedy, there is a story about a so-called "practice flight" of Soviet airmen but it is significant that some of the numbers used in identifying the planes in that episode are mentioned in the tape recording made at the time the American plane was shot down.

THE SOVIETS think there is never going to be any further proof available and that hence they can continue to call the tape recording a "fake." But what is very much more important is that the United States government knows the tape isn't a "fake."

This means that another piece of evidence has been presented in the long list of incidents in which the Soviet government has falsified the truth.

Moscow dispatches say that the Soviet government is disturbed because the United States revealed the story of the tape recording at all, and that this action supposedly aggravates the tension of the "cold war." But tension is something produced when one side doesn't trust the other. It is removed only when both sides begin to trust one another.

Here was an opportunity really to take away some of the tension of the "cold war" by admitting the truth. There was no good reason for concealment. To have admitted the facts might have been the start

of an era of mutually satisfactory relations.

Now, however, with the United States in full possession of facts which the Soviet government denies, everyone must take with a grain of salt the statements or promises or pledges made by the Moscow regime or its ambassadors or agents abroad.

There is evidently a blindness in the Kremlin to the true state of opinion throughout the world about the veracity of the official statements issued by the Soviet government.

THE ONLY possible conclusion that can be drawn is that the Communists think propaganda is a substitute for truth, and that, if a distorted statement is widely enough publicized and then repeated often enough it will serve the purposes of an evil-minded diplomacy.

But, if any more proof were needed that the Communist propaganda is not getting by in America it can be noted in the comments made throughout this country the Mikoyan visit, especially since the American government revealed the truth about the cold-blooded murder of the 17 airmen, whose unarmed plane lost its course and strayed across the Turkish-Soviet border into Russia.

The American government is convinced, moreover, that false radio beacons lured the United States aircraft into Russian territory. More evidence on the fake signals being used by the Soviets is bound to be forthcoming, together with the transcripts of other conversations of Soviet airmen engaged in this tricky business.

Unfortunately, the current talk about "negotiating" a settlement of the status of West Berlin is proceeding on the assumption that the West will be dealing with a Communist government that conceivably would honor an agreement. But the massacre of the 17 American airmen is proof that the leopard hasn't changed its spots and that "negotiating" with Kremlin isn't going to lead anywhere.

About the only thing that is certain is the continuance of the "cold war" until such time as the people behind the Iron Curtain get tired of being enslaved and exert their united will to get rid of their despotic rulers, just as happened in 1917 when the czarist regime was overthrown.

To continue to expose the duplicity and criminal nature of the Soviet government is to assure the people of the Soviet empire, including the people of the satellite countries, that the Western Powers are not being taken in and are not going to be deceived in the future by the barbarians in temporary command in Moscow.

Results of Dulles' Illness

By JAMES MARLOW

WASHINGTON (AP) — In full health Secretary of State John Foster Dulles was criticized, but in this moment of his serious illness he is eulogized and is even spoken of as indispensable. Why?

For perhaps these two reasons: 1. His critics at home have fully differed with him not on his basic foreign policy but only on his handling of individual situations.

2. He has so completely dominated foreign policy that he represents it and it is hard to think of anyone else coping with the crisis coming up in Germany.

The policy followed by Dulles and President Eisenhower was the one laid down by President Truman and Secretary of State Dean Acheson.

This was to surround the Soviet Union and Red China with military bases and alliances and make no concessions, or very few.

At the root of this policy there has always, perhaps, been a certain amount of wishful thinking that if a ring could be kept tight around the Communist world, in time it might weaken, suffer drastic internal changes, or perhaps disintegrate.

It's a wish that hasn't come true. The man credited with being the author of this containment policy back in Acheson's day, George Kennan, who was then head of the State Department planning staff, is having second thoughts now.

He's not the only one. There is talk nowadays of being flexible with the Soviet Union. Being flexible can mean giving concessions, with or without concessions in return.

While Dulles has been pretty much as one with the rest of the country on his basic policy of containment, there have been times when his wisdom on individual decisions within the broad policy has been questioned.

He has been criticized, for example, for his handling of President Nasser of Egypt, for his use of big-sounding phrases, like "massive retaliation" and "brink of war" and for his disproven optimism about the results of the 1955 summit conference.

But through it all he was a world communist.

Because he ran foreign policy almost by himself and made his job such a one-man operation, both his critics and his admirers have difficulty now in seeing anything but a vacuum if he should not be able to return to his desk.

It's possible Dulles will for some time have a strong hand not

only in current problems but in foreign affairs in general.

Nevertheless, as a matter of reality, the Eisenhower administration must be thinking in terms of a successor just in case the cancer-stricken secretary, des his extraordinary endurance, can't come back.

There's a good, immediate reason for the need of such foresight.

The United States and its Allies face an upcoming crisis over Germany, created by the Soviet Union which wants the Allies out of West Berlin and threatens to turn control of access to the city over to the East Germans by May 27.

Popular Parlor Game

By HAL BOYLE

NEW YORK (AP)—A popular parlor game today is, "If you had it all to do again, what would you do different?"

A hostess who poses this question at a party of middle-aged guests never has to worry about conversation the rest of the evening. Her only problem is to keep her rug from being flooded with the tears of what-might-have-been.

We were asked at a recent party how we would like to relive our life, and we remained silent, because our first impulse was to throw up.

Since then, however, we have been brooding over the question, and have decided a second ride on the merry-go-round might be worthwhile—if we could arrange certain changes.

We would choose to be born dumber and richer. We are somewhat weary of having an IQ higher than our bank account. Common sense is the curse of the poor and sensible. Next time we'd like to be wealthy and insensible.

We would start wearing bigger shoes and looser collars earlier in life. Most of our mistakes in judgment came from a cramped mind—the result of wearing shoes half a size too short and a shirt collar half a size too tight.

We would go into business for ourselves instead of working for others. A series of sharp quick bankruptcies is better than life-long serfdom.

We would marry at 17. A man who waits until 27 to marry does not have enough time left to repent.

We would have more children—oodles of them. It is more comfortable to be old than young, and nothing ages you faster than children.

We would learn to ride a horse. In our set—the subway set—a man who can ride a horse stands out like a pimple on the face of the Mona Lisa.

We would fall in love only with red-haired women. In this life we have fallen in love only with blondes and brunettes, and feel vaguely cheated. We've never heard of a man who ran away from a red-haired woman.

We're going to see more of the world. Travel is slendering. It's the guy who sits at home in front of his television set year after year who gets broader.

We're going to spend our money as fast as we make it. We

have found in this life that the more money we had in the bank the more scared we were that some Communist—or tax collector—would come along and take it away from us, and we are tired of being a coward.

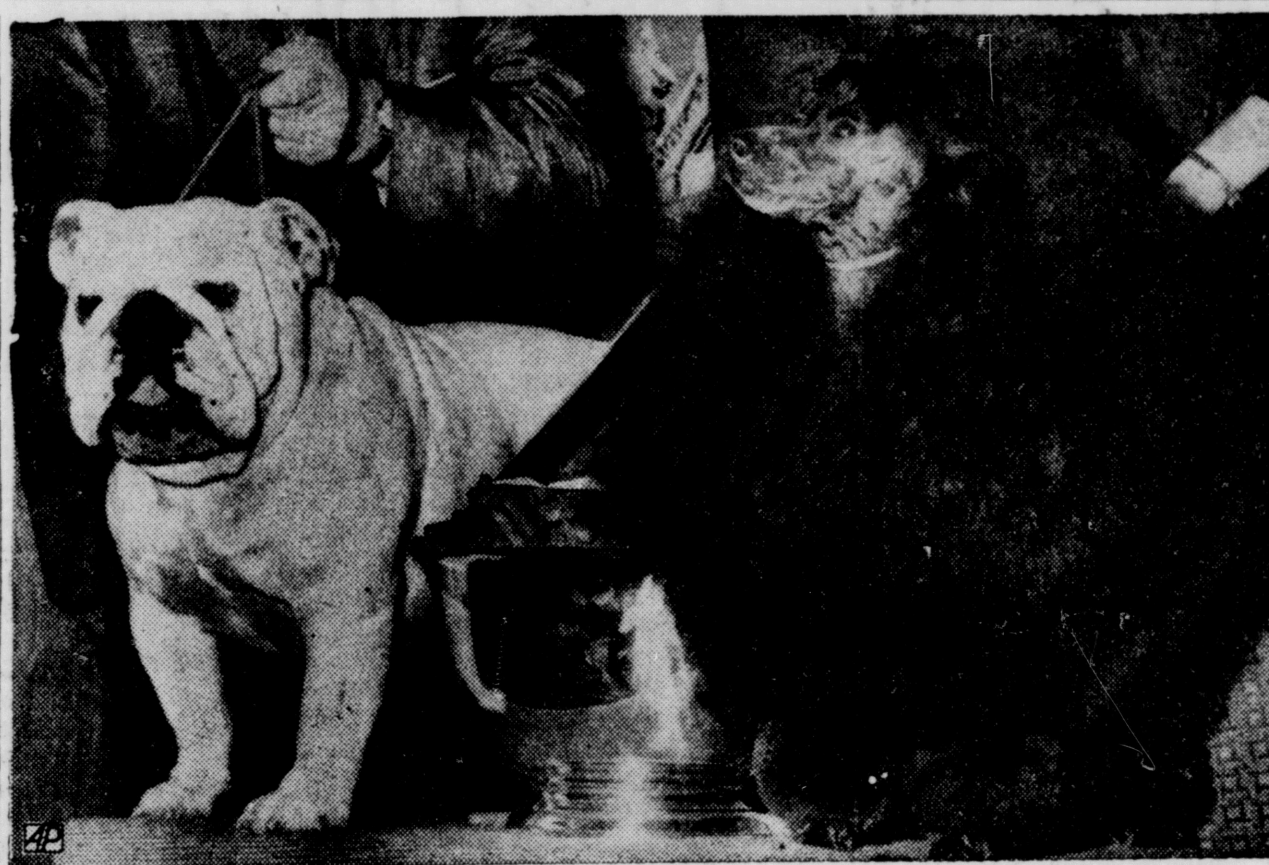

Oh, we're going to dance all day, and sing all night by the light of the moon. We're going to taste every food, try every wine, climb every balcony possible until our arteries harden.

Then we're going to lie down and die, cheerful and happy, and leave our brain to Harvard. There may not be much of it left, but whatever there is Harvard can have it!

Federal Jury Still Out in Beck Hearing

TACOMA, Wash. (AP)—A federal court jury deliberated today whether Dave Beck Sr., who rose from a laundry wagon driver to a millionaire labor leader, cheated on his income tax.

The jury of eight men and four women received the case at noon Wednesday and retired at 10:30 p.m., without reaching a verdict.

Beck, retired president of the Teamsters Union and once a member of the University of Washington Board of Regents, is accused of evading \$240,607 in income tax for the years 1950-53. If convicted, he could be sentenced to five years in prison and a \$10,000 fine on each of the six counts on which he is charged.

Judge George H. Boldt said Beck must be convicted if the jury found he had misused expense money or misappropriated union funds for his own benefit, knew he owed taxes "substantially greater" than paid or filed false tax returns.

ST. LOUIS (AP)—Animals can observe the unusual antics of people again today at the St. Louis Zoo.

For three days visitors had been kept out by a strike of 55 zoo employees. The 1,600 animals were unhappy about it. They acted bored and listless.

The strike was settled Wednesday when zoo management recognized Local 410 of the Institutional and Public Employees Union as bargaining agent for the employees.

Observance Plans Made By Book Club

Plans for the Ohio Federation of Women's Clubs Legislative Day observance to be held here in the Methodist Church March 24 were outlined at a meeting of the Book Club Monday afternoon in the Ruth Smucker House.

Mrs. Robert Talbot presided and announced the following committees for the event: Tickets for the luncheon, Mrs. John Hollinger and Mrs. Wilmer Smith; registration, Mrs. Z. R. Taylor, chairman, Mrs. Ralph Long Sr., Mrs. William King, Mrs. A. H. Schropp; pages, Mrs. Matt Melitschka, Mrs. E. S. Vincent.

Blind sales aid, Mrs. Hollinger; decoration, Mrs. James Cross; hospitality, Mrs. Robert Entriken; style show judges, Mrs. W. L. Strain and one representative each from the Strauss-Hirschberg and Schwartz stores; timekeepers, Mrs. Frank Stoerckel and Mrs. Ross Clay.

Mrs. Schropp gave an account of the plans which are underway for the annual antiques show that is to be sponsored by the Salem Federation of Women's Clubs May 22, 23 and 24.

Mrs. Harry Snyder, who opened the meeting with a prayer, read a paper, "Man's First Winter at the South Pole," which was prepared by Mrs. Irving Megraill in conjunction with the program theme, "International Geophysical Year."

"Fabulous Future America 1980," was the title of Mrs. Frank Hoskin's paper. The group sang the United Nations hymn and Miss Mary Herbert gave the roving reporter's account.

Vincent Taus told what he and four other Salem High School students, Gordy Scullion, Bob Broomall, Fella Catlos and Tony Everett, had done in connection with the International Geophysical Year observance.

The March 11 meeting will be the annual session with the Leonarians at 8 p.m. in the Smucker House.

Cecilia Wymer Is Bride of J. L. Holloway

The marriage of Miss Cecilia Wymer and James Robert Holloway took place Saturday evening at 7:30 in the parsonage of the Church of the Nazarene at Lisbon.

The Rev. Frank Brickley officiated at the double ring ceremony which was witnessed by the immediate families of the couple.

Mr. and Mrs. Gerald Wymer of RD 3, Lisbon are the bride's parents. The bridegroom is a son of Mr. and Mrs. Richard Holloway of East Palestine.

A corsage of white carnations and lilies of the valley complemented the light blue sheath with black and white accessories worn by the bride.

Matron of honor was Shirley Kyser, sister of the bride. She was attired in a beige dress with brown accessories. Harold Kyser, brother-in-law of the bride, was best man.

A buffet supper was served at the home of the bride's parents following the ceremony.

Mrs. Holloway is a 1958 graduate of David Anderson High School. Her husband attended the East Palestine High School and is employed by the Pennsylvania Railroad Co.

The newlyweds are residing at their new home at RD 2, East Palestine.

Deaths and Funerals

Mrs. John Ormes

Mrs. Anna Elizabeth Ormes 83, of 609 S. Union Ave., died Wednesday at 11:10 p.m. at the home of her daughter, Mrs. Winifred O. Houston in Pittsburgh. She had been ill of complications for two weeks.

Born April 2, 1875 at Afton, Va., she was a daughter of John R. and Harriet Wood. She had lived in Salem 62 years, coming from Afton. She was a member of the Baptist Church.

Her husband, John C. Ormes, whom she married Sept. 30, 1897, died five years ago.

Besides her daughter, Winifred, she is survived by another daughter.

Knox PTA to Aid Equipment Purchase

Knox Local Parent Teacher Association voted at a meeting last night to help finance the purchase of new basketball equipment and also a bioscope.

President Len Whip presented facts on the Mahoning Local school issue to the group and discussed the bonded indebtedness and valuation of the school district.

The program of the meeting was entirely Hawaiian, with songs, dances and slides of the Islands. Committee members were Mary Ann Sato, Ruth Buehler, Lillian Kodama, Mildred Takenaka and Florence Matsuda. Mrs. Aileen Goud won the attendance award.

The Rev. Roland Smith of the Westville Christian church gave devotions at the meeting and Girl Scout troop 390 presented the flag-raising ceremony.

Next meeting is scheduled for March 18 when Minor Sprague will talk on "Who Went Wrong?"

Homer Laughlin Strike Is Ended

EAST LIVERPOOL — Idle for two weeks, the 1,500 employees of the Homer Laughlin China Co. at nearby Newell, W. Va., streamed back to work today after their union and the management of the big dinnerware concern agreed Wednesday night to submit to arbitration the issues that prompted a walkout of women gold stampers and subsequent picketing that shut down the plant.

The agreement that the workers would return to their jobs pending arbitration was reached about 6:30 last night between the U. S. Pottery Association and the International Brotherhood of Operative Potters after a 5-hour session with Commissioner A. A. Dessner of the Labor Department Mediation and Conciliation Service at Pittsburgh.

A telegram was sent immediately to Joseph F. Finnegan, national director of the Mediation and Conciliation Service at Washington asking him to submit the names of prospective arbitrators. From the list, Homer Laughlin and the IBOP will select the arbitrator.

The plant has been idle almost without a break since Feb. 5 when 12 women gold stampers walked out and established picket lines which the other employees refused to cross. The dispute revolves around a question whether the gold stampers or the underglaze decorators should operate a new underglaze stamping machine. The company said each day's idles cost employees \$20,000 in wages.

Ike

(Continued from Page One)

Columbine III. He spent the night at Bergstrom Air Force Base, near Austin, Tex.

Eisenhower told his Washington news conference the primary purpose of his Mexican visit is to pay his respects to a great neighboring republic. He last met a Mexican president in March 1956, when Lopez Mateos' predecessor, Adolfo Ruiz Cortines, visited White Sulphur Springs, W. Va.

Among those accompanying Eisenhower were the President's youngest brother, Dr. Milton S. Eisenhower, president of Johns Hopkins University and a top adviser on Latin American affairs; the President's son John; Roy R. Rubottom, U.S. assistant secretary of state for inter-American affairs; and Mexico's ambassador to the United States, Antonio Carrillo Flores.

Knights of Columbus Plan for Degree Work

Plans for conferring the first degree at a future meeting were discussed at a recent meeting of the Knights of Columbus Council in the K. of C. Hall.

The group also made plans to serve a series of benefit fish fry suppers at the hall during the Lenten season.

Another meeting of the Council will be held Monday at 8 p.m.

FINED AT LISBON

LISBON — Herbert Riley Davis, 22, of Kensington was fined \$15 and costs for speeding and Robert L. Carl, 20, of East Rochester, was fined \$15 and costs for parking on a highway at hearings held Tuesday before Mayor John Todd. They were cited by State Highway Patrol.

Cyprus

(Continued from Page One)

Makarios' unbending attitude toward a compromise.

The British, Greek and Turkish governments and representatives of 100,000 Turkish Cypriots have reached basic agreement on the shape of a republic for the strategic east Mediterranean island.

Makarios reportedly had three main objections to the Zurich plan:

1. That it gave the three protecting powers—Britain, Greece and Turkey—the right to intervene in affairs of the new state in time of crisis.
2. That it gave the British sovereignty over the military bases they have in the island instead of only a 99-year lease on them.
3. That he felt it gave the Turkish Cypriots more representation in the proposed Cyprus government than their number warranted.

Senate

(Continued from Page One)

Ed Witmer (D-Stark) called it an historic day and Senate Majority Leader Frank W. King told the Senate: "This is one of the happiest days of my life."

One of the bill's chief critics, Sen. William H. Daddens (R-Hamilton), objected that the measure contains no guarantee of a jury trial for persons against whom FEP commission orders might be issued.

Sets Up Commission
The FEP bill sets up a five-member commission to enforce anti-discrimination orders, through the courts if need be. The operation would be run by a \$120,000 a year executive director. Commission members would be paid \$5,000 a year.

The county fee bill, according to sponsors, raises some fees which haven't been changed since 1837, even though costs have risen and services have been expanded. On co-sponsor, Rep. Thomas L. Thomas (D-Summit), said fees paid for only half of the \$1,400,000 cost in 1957 of operating county offices.

Scheduled for introduction today is a bill to liberalize workmen's compensation benefits. I will propose:

Compensation payments to equal two-thirds of an injured workman's average wage and death benefits of \$18,000 instead of \$12,000.

Compensation for loss of hearing above 10 per cent, instead of full loss under present law, and for loss of sight in excess of 10 per cent instead of 25 per cent loss under present law.

Among another rash of bills introduced yesterday were measures to:

Require employers to provide pay check cashing facilities.
Abolish gambling at both running and harness horse race tracks.

Create subdistricts in senatorial districts electing two or more senators.

Permit school principals to suspend students for a maximum of 10 days.

But what officials are counting on is a start on active negotiations between the Western powers and the Soviet government on a whole range of German problems. They expressed conviction that if such negotiations are under way the Soviets will not force the issue or permit East Germany to force the issue of the access routes.

Boy, 15, Is Arrested For Three Burglaries

LISBON — A 15-year-old Carroll County boy is being held in detention room at County Jail for breaking and entering Tuesday evening the Hillsdale Market on Route 644, two miles east of Hanoverton, according to Sheriff Russell J. VanFossan.

The boy admitted to breaking and entering of market and taking a quantity of cigarettes and one dollar.

The youth also admitted breaking and entering a Carroll County home and also taking \$16 from the East Local School in Carroll County.

The municipal junta began issuing sweeping ordinances but there was no indication how they would carry them out.

The march on City Hall was led by Ramon Pereira, a young radio commentator who had denounced the councilors at a rally Tuesday night. Bleeding from a head wound he charged that Councilman Mario Velasquez and five men invaded his radio station, fired revolvers, blackjacked him and attacked his wife and daughters. Radio listeners heard the sounds of the fight and gunfire.

A brother of Velasquez has been arrested on a charge of assaulting Pereira, but the councilman is immune from arrest while holding office. Mario Velasquez and 11 other councilmen issued a statement that they were not resigning. They were elected in 1956 for four-year terms.

The measure to create the department probably will be submitted to the Legislature in the next week or so, he said.

Committee Delighted
A. N. Prentice, who heads the Ohio Chamber's 10-year-plan for developing the state's economic potential, said his committee would be "delighted to review the bill and make recommendations."

Prentice is vice president and general manager of Ohio Power Co. in Canton.

Robert C. Hinton, vice president for marketing for Cleveland Electric Illuminating Co., said an economic development program is badly needed. "It will be easier to sell a state than it is to sell an area," he said.

However, DiSalle remarked that he does not foresee the proposed department "being used as a kind of 'buy Ohio' program."

The governor called establishment of such a department "the most important single step that Ohio will take in many years to come."

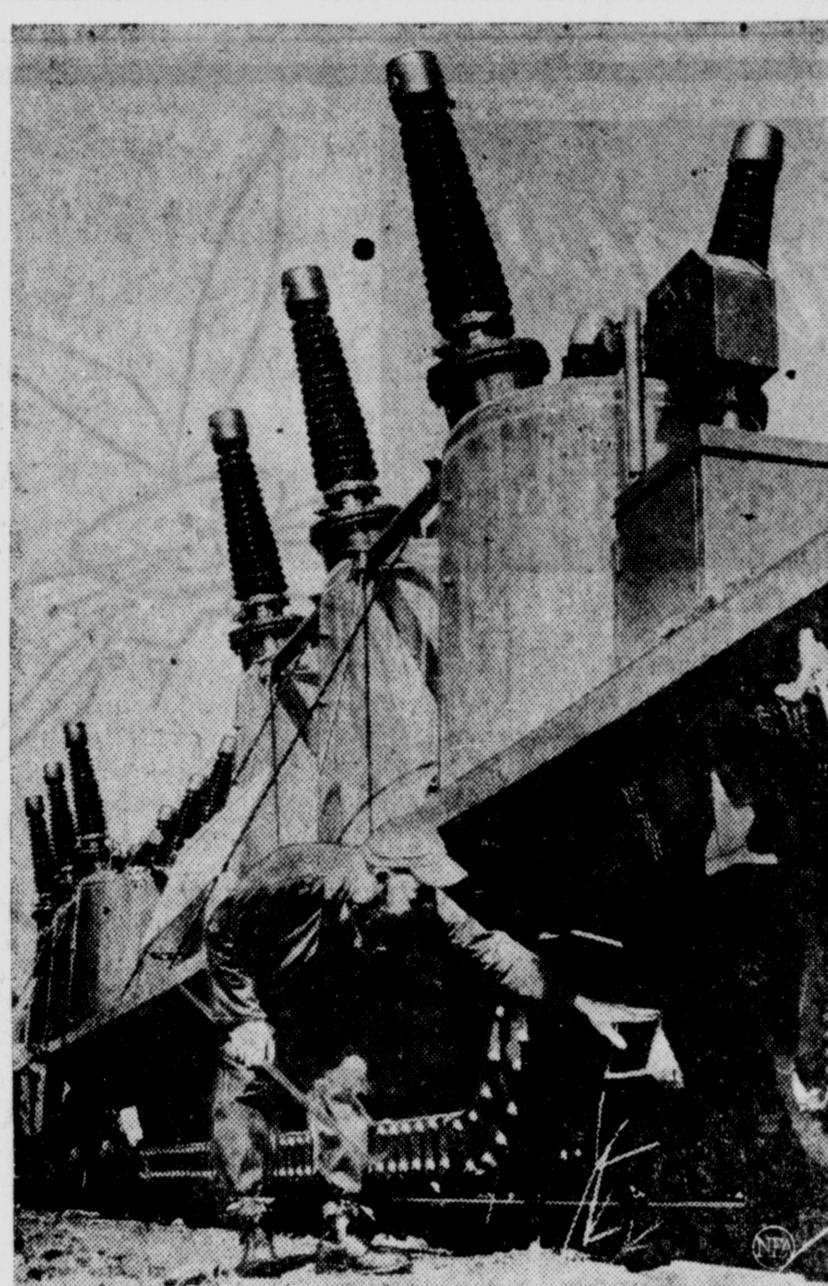

Fred E. Merrell, president of the Chamber of Commerce Executives of Ohio, urged that the director and staff of the proposed department "be assured of a tenure of service to safeguard and permit stability to the organization."

Merrell is executive director of the Development Committee of Zanesville and Muskingum County, Inc.

Robert L. Wolf, president of the Great Lakes States Industrial Development Council, said the new department "is not going to mean the state is assured of prospects flocking to our doors. An industry locates only where it can make a profit."

Wolf also is director of area development for Ohio Power Co. in Canton.

2 MOTORISTS FINED
LISBON — Charles L. Smith, 21, of Wellsville was fined \$10 and costs for speeding and Charles R. Andric, 25, of Lisbon RD 3, was fined \$15 and costs for failing to file for car registration, at hearings Tuesday before County Judge James L. MacDonald. Both were cited by State Patrol.

HIGH AND WIDE — Worker checks a new "high and wide" flat-car carrying towering electrical transformers from Harrisburg to Pittsburgh, Pa. Increasingly heavier and bigger industrial loads have led to new trains, designated HW (high and wide), which cut the four-day trip between the two cities to one day. The Pennsylvania Railroad trains dodge from one track to another to pick up the best clearances. They carry shipments up to 17 feet, 2 inches high and as much as 9 feet, 3 inches wide as the top, a big increase.

Mahoning

(Continued from Page One)

was presented to the Mahoning County Board of Education in Youngstown on Feb. 11 concerning the proposed division of the school district.

Mr. Moffett asked that the following statement become a part of the board's official records: "We cannot emphasize too strongly that the signatures on the petition presented to the county board represent 2,800 people who are aware of the critical situation we are facing in providing adequate educational facilities for the students in this district."

"The reaction from these petitions has shown us that we cannot let this movement die. It is our full intent to continue this movement with school officials on all levels until definite action has been taken."

The board went on record to approve the four bills pending before the Ohio legislature on school issues.

A letter was read from Dr. E. E. Holt, superintendent of public instruction in Columbus, stating that he will be at Green Local School on Feb. 26 at 4 p.m. to meet with board members or representatives.

Dr. Holt was requested to make a survey to determine which of the three phases of education, the six-three-three, eight-four, or six-six, would be most suitable for the Mahoning Local district.

Dr. Holt indicated that he has no personnel available for the survey but that he would confer with board of education members.

The board tabled until a special meeting Feb. 25 at 7:30 p.m. at Sebring McKinley High School, the discussion to adopt the annual ap-

propriations. The clerk's tabulations show approximately \$19,323 in excess of the \$1,041,632 appropriation for the school district's operation. The board felt that this warranted more thorough study.

The board received letters from every pupil at the Beloit School expressing appreciation to the board for putting in city water at the school. Earlier this month difficulties developed with the water supply and wells were judged unsafe for use. The board in special session Feb. 4 approved installation of city water at the school.

15 Seek Coaching Job
John Wise, principal of Sebring McKinley High School, reported to the board that the screening committee to hire a football coach for the district, is proceeding with its evaluation of the 15 applications received for the position.

Clinton Heacock, principal of Goshen Union High School, who has been attending a conference in Atlantic City for school administrators, sent a note to the board indicating that he had several rooms available for school room rental if they should be needed this fall. The location of the rooms and the rental figures were not revealed.

The board authorized to request an advance from the Mahoning County auditor in the current collection of real estate in the amount of \$65,000.

The board authorized payment of the note at the Sebring First National Bank, which was issued to pay current operating expenses, pending the receipt of funds from the state foundation which will amount to \$43,000.

The next board meeting will be the special session Feb. 25 to discuss the annual appropriation.

Directors Elected

By Potato Growers

Farmers from Columbiana and Mahoning counties were elected to the board of directors at the annual Potato Institute meeting held Wednesday at Heck's Restaurant, Columbiana.

Columbiana County — A. W. Andric, Howard Wise, Jon McMaster, Robert Reash of Columbiana; Harold Thompson of Hanoverton; and Frederick Schoen of Beloit. Mahoning County — Carl Johnson and Albert Lang of Canfield, Charles Barth of Poland, Raymond Koch of Petersburg, Elbert Agnew of Youngstown and Robert Kenreich of Salem RD 5.

The board will meet Tuesday, March 3, at 8 p.m. to organize and make up a program for the year.

Costs of production of potatoes, marketing, production problems, growing potatoes for chipping, and other subjects pertaining to potatoes were discussed by the group of 45 men who attended the institute meeting.

Midway Grange Plans Saturday Meeting

Midway Grange will hold its regular meeting Saturday at 8 p.m. Kenneth Bell is master.

Lecturer Jack Kuhlman will be in charge of the lecture hour and a representative from one of the Columbiana plants will talk on the factories' place in the community.

Members are asked to bring individual sack lunches for an exchange.

Representative Clarence Wetzel is expected to be present at a meeting in the near future.

Columbiana County Pomona Grange meeting is to be held at Salem Grange Hall Saturday at 10 a.m. Lunch will be served at noon.

Emmanuel Brotherhood Activities Planned

At a recent meeting of the Brotherhood of the Emmanuel Lutheran Church, it was announced that nine church signs purchased by the Brotherhood, will be erected at city limits of Salem.

A discussion was held on sending delegates to the Brotherhood Convention July 18 and 19 in Miami, Fla., and it was announced that George H. Bowman Jr. will be guest speaker at the next meeting.

Lee Schaefer showed a film, "A Christian in Politics." This was preceded by devotions conducted by John Fritzman.

The 25 members in attendance enjoyed a social hour with Ronald Fleischer and Mike Binder in charge.

School Clinic Planned At Columbiana Friday

The Columbiana County Health Department will conduct an immunization and vaccination clinic Friday at Columbiana school for pupils in kindergarten through high school.

Dr. C. S. Palmer, county health commissioner, will be in charge, assisted by Mrs. Violet Peterson, county health nurse, and the Columbiana school nurse.

A similar program scheduled for Wednesday at Fairfield School was postponed due to slippery roads and will be re-scheduled at later date, Dr. Palmer said.

Bennetts Beat Farmers 53-48 For Wednesday Title

Feicht Leads Mates With 18 Herrons-Fireside Play Friday Night

Bennetts Greenhouse won the second half championship in the Wednesday Division of the city basketball league last night by whipping the Farmers Nation 53-48 for their seventh win without a loss.

Bruce Feicht topped the winners with 18 while Larry Bennett had 12. For the losers Dick Beall had 14 and Jerry Binder 13 while Chuck Greiner had 10.

Bennetts led 11-10 at the quarter but Farmers were in front 26-24 at the half and 36-34 after three frames. The winners outpointed Farmers 19-12 in the final period to notch the title.

The win pits these same two teams in the best two of three playoff for the entire Wednesday title. Farmers had won the first half.

In another game, Burton Ford ended play with a 6-1 record tied with Farmers for second place with a 68-50 win over Schaeffer Ford.

Gene Kitzmiller tallied 33 for the winners while Ralph Knight had 12.

For the losers Dale Middeker had 17 and Gary Panchaud and Fred Ackerman 12 each.

Riffles Plumbing defeated the Speakers Market 68-65 despite a 39-point performance by the losers' John Mandish. Bob Stallsmith had 22 for the winners while Eugene Stallsmith collected 16. Lowell Hoffmaster 11 and Sonny Bowman 10.

The Salem News won a 2-0 forfeit game over Millers City Service in one other scheduled tilt.

To date, Farmers Bank reigns as the first half winner in the Wednesday Division while Bennetts are the second half champs.

In the Monday league Mar's Landing captured the first half. However, the second half winner here will be determined tomorrow night at 7 p.m. when Fireside Inn tangles with Herron Transfer. Each of these quintets ended second half play in the Monday loop with 6-1 records.

The best two of three playoffs in each division will be held at 7 and 8 p.m. next Monday, Wednesday and Thursday if necessary.

The championship playoff involving the respective division winners will take place March 2, 4 and 5th if necessary.

Salem Cage Tourney Set For March 23-28 At Junior High

The 25th annual Salem Little City Invitational Basketball Tournament will be held the week of March 23 to 28, Tourney Manager John Dawson reported today.

The field will be limited to 32 teams and entries are now being received for the Silver Anniversary of the tourney which was started by the late Joe Kelley.

The tournament will be held in the junior high school on N. Lincoln Ave. Four team trophies and 24 individual trophies will be awarded, Dawson said.

Awards will be given the first

Virginia Tech Scorer Held to Four Points

By The Associated Press
Virginia Tech easily defeated Washington and Lee Wednesday night but it was a costly night for the Gobblers basketball scoring ace, Bob Ayersman.

Ayersman was held to four points, a field goal and two free throws, by W&L as VPI romped to a 78-51 victory. As the result Ayersman's average dropped more than a point to 27.3 and he gave up fourth place among the nation's leading major college scorers to Jim Hagan of Tennessee Tech. Hagan didn't play Wednesday night.

Figures compiled by the NCAA Service Bureau show that only Jerry West of West Virginia picked up ground. His 27 points against Pitt boosted his average from 24.9 to an even 25.

The melting ice on our local lake and waters with open spots is a reminder that spring is just around the corner.

You will notice the waters are now in a very turbid condition. How fast the water will clear depends upon weather conditions.

There is no way to predict water conditions or how fishing will be in March or April. One thing is true. Many trophy bass are taken in the early spring along with some nice stringers of walleyes and dozens of white bass in the local lakes where these fish exist.

In the early spring a squirming worm, the wigglings movements of an artificial lure or a minnow dancing the bobber up and down, will catch fish. Under unpredictable conditions a beginner at fishing might land a larger fish than the more experienced angler with all his know-how.

There's a new lure on the market called a "super-sonic" that actually creates a vibrating sound that fish can hear. This lure can be fished bumping the bottom of the lake or fished at medium depths or just under the surface, depending where the fish are feeding. The manufacturers of this lure provide complete instructions on how to use it and I would recommend a set to be added to the equipment you have now.

A POPULAR TV comedienne usually opens up his skit saying "I got a letter from mama". Then he proceeds to read it with some "side-bursting" excerpts. He has nothing on some of the mail I receive which is not prepared or written by experts.

One letter was received along with a newspaper clipping about a concentration of rabbits, pheasants, quon and other animals at the Wilkoff Co. in Youngstown on approximately 15 acres of grounds in a fenced off area.

Naturally, undisturbed game will

become concentrated when food and cover is provided. This is just a small plot by comparison of the entire country.

Along with the concentration of the game, in moved a pair of foxes that found conditions made to order. Plenty of rabbit and pheasants for food and not much work involved. This is not an unusual condition. Erect a feeding station and keep it amply supplied with corn and other grains, attractive to birds and animal, and they most certainly will use it. At the same time foxes, cats, dogs, mink, weasel and predatory hawks will find out about it and the birds and animals will become easy prey.

Another "letter from mama" states that his four-year old daughter could do a better job of game management than any of the state technicians. Such ridiculous statements kill all sense and reasoning, and such letters go in the rubbish disposal where they belong.

WRITING about foxes as being a game animal and good sport to hunt, some people take exception that I am taking up for the vermin. Not at all. I write about the hunt as a sport. I also maintain that the payment of a fox bounty does not control the animal one way or the other. For instance, if \$2,000 is appropriated to pay a bounty on fox paws and the entire amount is used each year and another \$2,000 is appropriated the year after, how can anyone say the fox population has decreased?

Now if we started out with a \$2,000 appropriation and each year less and less fox paws were brought in until say \$100 would be sufficient, then we would have every reason to believe the bounty system is an effective means of fox control. Go to the court house in Lisbon and look at the records for yourself.

Little Favored to Win Texas Tourney

SAN ANTONIO, Tex. (AP) — The Texas Open started its thirty-second run today with Gene Littler favored to win it and become the first golfer since 1952 to capture three tournaments in a row.

It was seven years ago that Jack Burke, starting his string with the Texas Open, won four straight. He added Houston, Baton Rouge and St. Petersburg to his skein.

But Littler came here from victories at Phoenix and Tucson and acknowledgedly is playing the first golf of the tour.

However, there were plenty of other favorites as the field of 150 — 138 professionals and 12 amateurs — moved out in the opening round of the \$20,000 tournament.

Among them were Burke and other former champions of the Texas Open such as Bill Johnston of Provo, Utah, the 1958 winner. Another highly feared competitor here is Mike Souchak of Grosinger, N. Y., who has won seven tournaments in his career, three of them in Texas.

The best score over the 6,500-yard Brackenridge course thus far is a 3-under-par 68 posted Wednesday by Fred Hawkins of El Paso in a tuneup round. There have been several 69's but this is the highest scoring in years in the preliminary rounds.

Only three of this year's members on Columbia's basketball team reside outside New York state.

Three former football assistants with Biggie Munn, are Duffy Daugherty, Forest Evashevski and Bob Devaney.

Advance To Finals

Eagles' Rally Nips Salineville 48-42

United's Golden Eagles, trailing by as much as 13 points at one time, rallied in the second half to whip the Salineville Indians 48-42 last night at Beaver Local's gym to advance into Saturday night's Columbiana County Class A finals against Fairfield-Waterford.

The Indians completely outthrust the Eagles in the first half to hold a 30-22 lead at the intermission. However, Bob Penrod's eventual winners outscored Salineville 13-5 in the third stanza to knot the count at 35-35 going into the last quarter. United outpointed their foe 13-7 in the final eight minutes to notch their 16th win in 19 games.

Johansson to Move Family to America

STOCKHOLM, Sweden (AP) — Ingemar Johansson is not going to take any chances of getting homesick while working out for his title fight with heavyweight champion Floyd Patterson.

The Swedish heavyweight said today he will take his parents, brother Rolf, a few more relatives and his girl friend with him to the United States. The date and site of the fight have not been announced but it is expected to be held late in June in either Los Angeles or New York.

"I want to feel at home when I am preparing myself for a fight," Johansson said. "I get homesick if I don't have my folks around."

The 26-year-old fair-haired Swede, who got his impressive biceps by paving streets and now runs a highly motorized contracting firm to do similar jobs, is fairly confident he'll beat Patterson.

"If I beat Floyd in both fights—as you know I am going to meet him again within 90 days of the first bout — I am not going to shelve my gloves. I will meet any contender picked for me. I will fight as long as I feel I am strong."

He added, however, that he is so well off financially now that he can stop the "day it pleases me."

Steubenville's Streak Of Home Wins Ends

Folks in Steubenville heard the news then had to cudgel their brains a little to remember when it happened last.

The answer is five years and one month ago.

That's how long it's been between home court losses for the College of Steubenville's mighty Barons. They dropped a 72-68 decision Wednesday night to St. College of Loretto, Pa. Not since January 1954 have the Barons walked off their own gym floor as losers. Partly responsible, probably, was the absence of Steubenville's 6-5 center, Bill Rahuba, who is ill with the flu.

Ohio teams had the edge on out-of-state teams in Wednesday night's college basketball games. In three intercollegiate activities, Ohio schools won two and lost one—the Steubenville - St. Francis clash.

Bowling Green edged Western Michigan 88-84 at Bowling Green and Youngstown defeated Alliance of Pennsylvania 95-63.

In other games, Ohio Wesleyan college basketball activity. In win Wallace took an 86-84 decision over Central State in overtime. Bluffton defeated Heidelberg 76-67, Denison trounced Malone of Canton 92-71 and John Carroll buried Penn 94-69.

To me, it looks like Detroit and

United had four men in double figures. Gary Lindesmith was high with 12 while Frank Shagnot had 11. Jim Pike and Jim Summer tossed in 10 apiece for the winners. The Indians were paced by Dave Gearin's 15 tallies.

United made 19 of 73 shots for a bad 26 per cent while Salineville hit on 17 of 43 for 40 per cent. From the foul line the winners hit 10 of 23 and the losers 8 of 14.

The victory for United avenged one of its three regular season defeats. This Saturday they'll play another squad with whom they split in two regular season decisions. The Rebels had drawn a bye in the three-team tourney and automatically advanced into the finals. They were the 1958 county Class A champion.

The winner of Saturday's game will move up to sectional play.

Athletics' Manager Predicts Sounder, More Balanced Club

By HARRY CRAFT
Kansas City Athletics

THROCKMORTON, Tex. (AP) — This is the time of the year when every manager is optimistic and I am no exception. I don't mean to imply we're going to be pennant contenders but we should have a sounder, more balanced club.

I thought our biggest weaknesses last year were lack of infield replacements and not enough front-line pitching. Second base is the position we thought would present our biggest problem. Our first draft choice was second baseman Wayne Terwilliger. If he can break in as a regular we will be a much sounder ball club.

In that case, Hector Lopez will move back to third base. Hal Smith did a fine job for us at third and was adequate at first. He wasn't getting enough regular work by splitting the catching duties with Harry Chiti and Frank House.

I think we will be stronger in 1959 through the experiences gained by players like Roger Maris, Chiti, Ralph Terry, Mike Baxes, Ray Herbert, Dick Tomaneck and Bob Martyn. Jim Small, Lou Klimchek, Kent Hadley, Jim McManus and Milt Gruff have improved. I'm told that Zeke Bella swings a good bat and likes to play.

Our pitching should be much better. Terry is improving from year to year. Herbert was excellent the last two months of the season. Ned Garver is sound physically and a healthy Garver will beat some people. Bob Grim will be in the starting rotation from the beginning. Jack Urban is a battler and if he recovers from his injury of last year, he'll give a good account of himself.

Howard Reed, Ken Johnson and John Taitouris are youngsters who will be given every opportunity to pitch for us. Reed looked good when he joined us last September. Walt Craddock and Bob Davis should be better pitchers in 1959. Bud Daley, Tomaneck and Tom Gorman will draw spot starting and relief assignments.

Our goal still is to make ourselves a strong first-division contender. Because we finished 4½ games out of the first division in '58, makes us believe we're headed in the right direction.

To me, it looks like Detroit and

Cubs' Banks Is Satisfied With Contract

DALLAS (AP) — Ernie Banks, the Chicago Cubs' clubbing shortstop, says when he reports for spring training all he'll have his hand out for is pop flies—he's satisfied with his pay.

"Oh, you hear a lot of talk about how much this man and that man is making," he said in an interview Wednesday. "And some people say they think some get too much and some not enough. I think some of those figures become exaggerated. But anyway I'm perfectly satisfied. I just feel that I'm very fortunate to be playing for such a fine organization."

Banks avoided naming his own salary, but it is generally thought to be \$42,000 this year.

That is after belting 47 homers last year, the most ever hit by a shortstop, and winning the National League's most valuable player award.

But while some other baseball stars are haggling over their pay for the year, Banks just wants to play baseball.

"I never set any goals at the start of a season," the former Dallas youth said. "I'll be satisfied if I just get to play 154 games again."

New York Rangers Drop Sixth in Row

By The Associated Press
Whether it's beer and pasties as Coach Phil Watson believes, the New York Rangers just can't shake off the third-period jinx that is dampening their chances of gaining a Stanley Cup playoff position in the National Hockey League.

Wednesday night, the Rangers dropped a 4-2 decision to the Chicago Black Hawks in the only game scheduled. The setback was their sixth in a row.

New York was beaten when Phil Maloney and Tod Sloan scored third period goals for Chicago after the teams skated off tied at 2 all at the close of the second session. The Rangers have been blanked in the third period in each of the last six games while their opponents have scored 14 times.

Watson punished his players by conducting a 43-minute post game workout last Sunday following their 5-1 loss to the Canadiens. He later said he felt some of his veteran players were "taking that extra beer and cake" and thus were not in the best of condition.

Salem Tops New Waterford In Junior Tournament 39-38

Salem's eighth graders moved into the semi finals of the Salem Junior High Basketball Tournament yesterday by nipping a tall New Waterford eighth grade team 39-38.

The young Quakers played East Palestine today at 5 p.m. in one semi-final game while in the other match Alliance State St. went against Columbiana at 4 p.m.

Alliance had beaten Leetonia 38-22 yesterday while Columbiana beat New Waterford B by a 50-22 count.

Lodge had 14 and Ehrhart 13

to pace Salem's win while Rogers had six. Washington five and Platt one.

Salem led at the quarters by 11-9, 27-24 and 33-32. Kress tallied 17 for the losers while Heaton had 14.

Fifteen points by Tosha led Alliance over Leetonia. For the losers Holloway had eight, Conrad six, Nemenz five, Burkholder two and Guerrier one.

Alliance had quarter leads of 9-6, 19-7 and 28-11.

Twelve points by Murphy highlighted Columbiana's win while Ward had 10. Others for the young Clippers were Ross with six, Perrin seven, Kleist six, Hutton four and Goist five.

Weikart had six for the losers while Henderson and Riley had four each. Conkle and Cresanto had three apiece also. Columbiana led at the quarters 12-2, 25-13 and 43-18.

The finals will be held Friday.

Magic Number Now 7 for N.Y. Knicks

By The Associated Press
The New York Knickerbockers' magic number for clinching second place in the Eastern Division of the National Basketball Assn. was down to a lucky seven today.

The Knicks took a 5½ game lead over Syracuse by defeating the Cincinnati Royals 118-116 Wednesday night. Any combination of New York victories or Syracuse defeats totaling seven will clinch second place for Fuzzy Levane's crew.

In the only other game scheduled, the Minneapolis Lakers posted their second triumph over Detroit in as many nights, 105-95.

Richie Guerin, scored 33 points for New York. Jack Twyman was the Royals' high scorer with 34 points.

Minneapolis got 29 points from Elgin Baylor and 25 from Larry Foust as it opened a three-game lead over the Pistons in the battle for second place in the Western Division. Gene Shue topped Detroit with 22 points.

This Bear Was No Bargain On Hunter's Pocket or Nerves

CINCINNATI — (NEA) — John M. Tait, a Cincinnati investment dealer, put \$3,950 into killing and stuffing a Kodiak bear that weighs 2,000 pounds, and is one of the largest kills ever recorded.

How much of his nerves he put into it is another story.

Tait, traveling with a guide, hunted Alaska's Kodiak Island for a big, trophy-sized bear, passing up many easy shots while waiting for the big one.

They spotted the big one and began trailing him. The bear, in search of romance, lumbered into a thicket. The guide began breaking sticks to make the monster think another bear — a female, perhaps — was at hand.

It worked. But Tait couldn't see the bear until he was 25 feet away, a grumbling, snorting huge package of murder.

Tait knocked down his first instinct — to run — and lifted his .378 Weatherby rifle. The animal swerved and the 300 grain cartridge slammed into the leg instead of the heart. The animal now swerved at him, 10 feet away, when Tait fired again. This time he got the heart.

The bear veered off and tried to get away but three more shots finally brought him down.

Gait had to sit down. Married, and the father of three daughters, he wondered what he was doing taking chances like this.

BIG SHOT — John M. Tait sits under giant Kodiak Bear he shot — and wonders why he let the thing get to within 25 feet of him.

North Carolina's Tarheels Nip N.C. State 74-67 in ACC Tilt

By The Associated Press — North Carolina is the proven class of Atlantic Coast Conference basketball but the Tar Heels still have to go through two more weeks of "Russian roulette" before they can attempt another nation championship.

Russian roulette is Coach Frank McGuire's term for an ACC system that junks a full season of competition and orders a post-season tournament to determine the conference representative in the National Collegiate championships.

With an 11-0 conference slate, owned by the Tar Heels after Wednesday night's 74-67 victory over arch rival North Carolina State, most teams could start firming plans for the NCAA. Especially with only three second-division teams still to be met dur-

ing the regular season and runner-up N.C. State ineligible because of NCAA probation.

But McGuire and the Tar Heels will have to keep spinning the cylinder and hope that luck does not run out during the ACC tournament at Raleigh March 5-7. The jittery bystander is the NCAA itself which would like to have the team currently rated the nation's best in The Associated Press poll.

North Carolina (17-1) nailed its second clutch decision over State by sinking 26 of 30 free throws in the feature of a class-packed Wednesday program. In other big ones, Eastern Kentucky wrapped up the Ohio Valley Conference and an NCAA berth with a 72-70 victory over Western Kentucky; Kentucky kept in the Southeastern chase with a revenge 83-71 triumph over Vanderbilt; Texas Christian moved closer to the Southwest Conference title in a 66-64 decision over Rice, and West Virginia — which also plays a tournament to get into a tournament — battered Pitt 90-69.

Tournament hopefuls St. Joseph's (Pa.), La Salle, Navy and St. Francis (Pa.) won again, and NIT entries Villanova and Fordham fattened their records.

Army, having one of its better years, downed Williams 93-77 and Air Force won its fifth straight, 77-62 over Creighton.

Council Passes Fund Measure of \$577,453

COLUMBIANA — An appropriations ordinance totaling \$577,453 was adopted by village council at its meeting Tuesday night to finance village operations for the year 1959.

Last year, the appropriations ordinance totaled \$595,394 and the year before was \$531,975.

Following are the amounts set up for the various funds, as prepared by S. Richard Orr, village clerk:

General fund, \$13,250; contingencies, \$2,600; safety fund, \$3,625; service fund, \$38,500; water fund, \$61,450; light fund, \$241,900 (including an estimated \$150,000 for purchase of current); sewer fund, \$23,150; parking meter fund, \$12,100; cemetery fund, \$11,050.

Street construction, repair and maintenance, \$40,700; state highway improvement fund, \$6,000; fireman's pension fund, \$3,122; police pension fund, \$3,561; park fund, \$27,800; general bond retirement fund, \$1,319.

Special fire truck and police car fund, \$18,995; electric generating and equipment fund, \$25,070; special building and equipment fund, \$2,648; guarantee deposit fund \$4,943; special assessment bond retirement fund, \$3,571; cemetery trust fund, \$305 and park trust fund, \$123.

SEARCHLIGHT CLASS of the Methodist Church will hold a square dance at 8:30 p.m. Saturday, Feb. 21 at Dixon School.

Columbiana Branch of the Salem City Hospital auxiliary, at its meeting Monday, donated \$150 to the hospital for purchase of a slide projector and slides for use in work procedures at the institution. The local branch will have charge of arrangements for the March 11 visit of the Red Cross Bloodmobile, which will be stationed at Grace Church.

Officers of the auxiliary unit here reported 1,547 hospital items were sewn by the local group during the past year. This week, members made up 8 dozen diapers and nine wrappers.

Deputies, equally impressed by her need, started a series of radio messages to sheriff's departments to the south. At each county line, it was arranged for the woman to be turned over to a sheriff's cruiser which would driver her to the next county line.

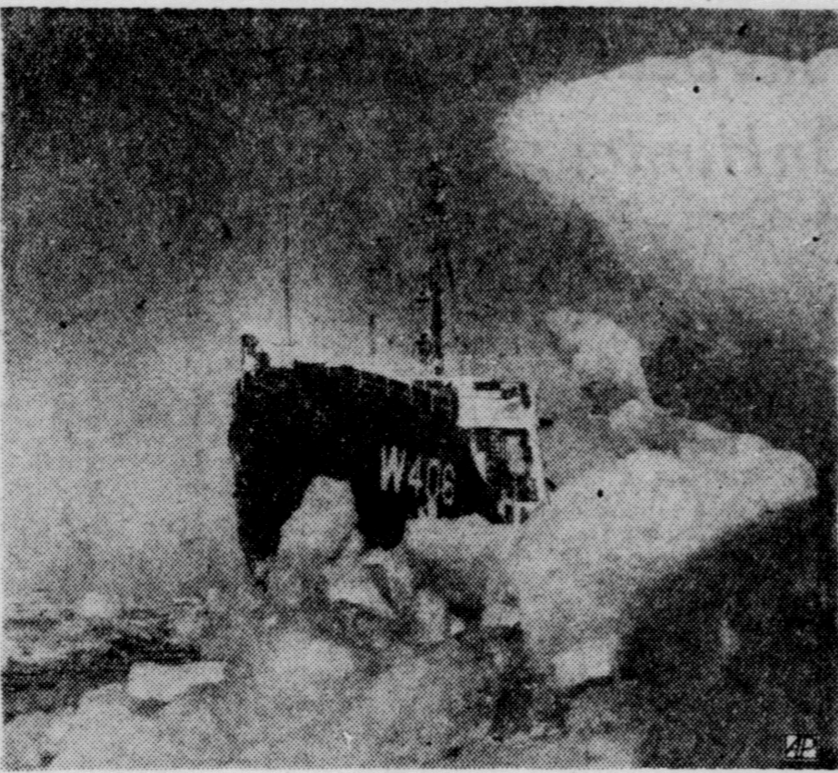

It was through that process that Dora Staten will be standing by when they lower Anee Staten into his grave.

CRUSHED TO DEATH

SANDUSKY, Ohio (AP) — A 59-year-old New York Central Railroad employee was crushed to death Wednesday night between a derailed freight car and a building. The victim, Gerdon Kastor, was riding on the side of the car, which was being switched to a siding between two buildings. Cause of the derailment was not determined.

Salary Boost Approved For Ravenna Teachers

RAVENNA, Ohio (AP) — A new salary schedule will give some school teachers here as much as \$1,500 in pay boosts over the next two years. Ravenna School Supt. H. Larry Brown said three or four teachers earning \$4,800 to \$5,000 a year will qualify for the highest raise. Minimum increase in the schedule slated for adoption March 3 would add \$350 over a two-year period.

BUCKING LAKE ST. CLAIR ICE — Photographer crawled out on the ice in the middle of Lake St. Clair to get this picture of the 180-foot Coast Guard cutter Acacia smashing her way from Port Huron, Mich., to Detroit. The run, which normally takes five hours, required 12 hounds.

Tooth Injury Needs Prompt Attention

(Fourth of a Series)

Prompt attention by a dentist often can save a child's tooth which has been broken or pushed out of place in an accident. Sometimes even a tooth that has been dislodged from its socket can be re-placed.

As the rate of accidents has been rising, dentists have devised methods for treating the increasing number of children's teeth being accidentally injured. The success of the various treatments often depends upon how soon after the accident they are begun.

Sometimes a first or primary tooth may be completely pushed up into the gum as the result of an accident. If the roots are not fractured, the tooth usually will re-erect in its correct position.

Whether a tooth is a primary or a permanent one, it is important that it be restored if at all possible. If a primary tooth is lost prematurely, the permanent tooth may erupt out of position or become impacted and fail to erupt at all. To prevent these difficulties, a dentist may suggest that a space maintainer be inserted.

Loss of a permanent tooth can cause psychological damage as well as further dental harm. This is true whether the tooth was lost

accidentally or had to be extracted because of neglected decay.

A missing tooth is disfiguring, especially when it is one of the upper front teeth, the teeth most often injured in accidents. Such disfigurement may be a cause of emotional disturbances, particularly in sensitive teen-agers.

When one tooth is missing, the other teeth tend to drift into the space that has been left. This may result in poor tooth alignment, difficulty in chewing, more decay than would be normal for that person, and an irritation of the gums which may lead to gum disease.

If a natural tooth can't be saved — and sometimes it can't be — it should be replaced with an artificial tooth.

Ohio House Reviews New Newspaper Bill

COLUMBUS, Ohio (AP) — A bill introduced in the Ohio House would put newspapermen in a special class along with lawyers, doctors and clergymen who are exempt by law from testifying about professional communications.

Newspaper reporters already are exempt by Ohio law from disclosing the source of their news.

But the bill by Rep. William J. Reilly (D-Hamilton) would give them the added protection of declining to testify in court as to the nature of their discussion in securing the news.

The bill, submitted Wednesday, also would include radio and television newsmen in the present law allowing newspaper people to withhold naming their sources of information.

But it does not propose including radio and TV newsmen in the special class allowed to withhold professional communication.

Under the proposal, newspapermen could testify on privileged communications only with "the expressed consent of the personal source, or if the personal source be deceased, by the expressed consent of the surviving spouse or the executor or administrator of the (estate of the) deceased source."

REBEKAH LODGE will sponsor a benefit card party Saturday evening. The public is invited. There will be lunch and prizes.

Mr. and Mrs. James P. Rance will entertain the Royal Workers Class of the Presbyterian Church Friday at 8 p.m.

Mrs. T. P. Laughner visited her daughter, Mrs. Robert Secrist of Cleveland on Monday.

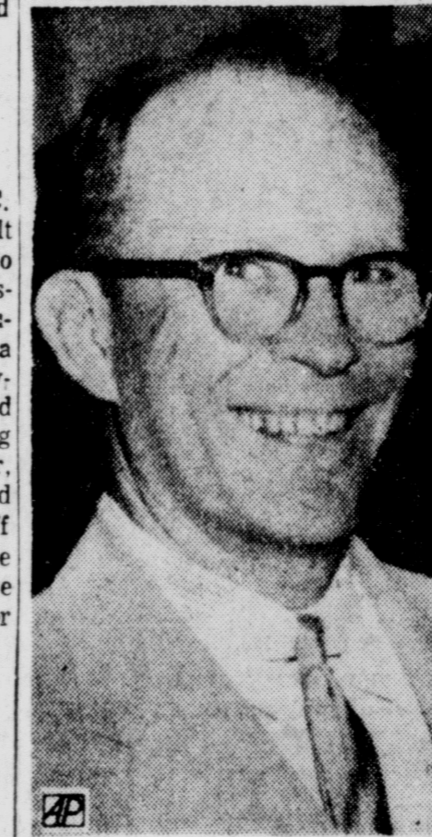

Mr. and Mrs. John Coppersmith of Ridge St. entertained with a family dinner Sunday in honor of their son Richard, who left Tuesday for Cape Main, N.J., where he will be stationed with the U. S. Coast Guard. Guests included Mr. and Mrs. William Kyser of Warren, Mr. and Mrs. Jack Coppersmith and Mr. and Mrs. Fred Metz of Columbiana and Mrs. Paul Metz of Lisbon.

The Friscella Club will meet in the church parlor Thursday evening after attending services with Mrs. Earl Halverstadt as the hostess.

Akron Man Jailed as Result of Curiosity

AKRON, Ohio (AP) — John C. Ress was in jail today as a result of his wife's curiosity. Prior to recess in municipal court Wednesday Judge Thomas Powers cautioned a jury, of which Ress was a member, against talking with anyone about the case, which involved a motorist charged with driving while intoxicated. In the corridor, Ress's wife approached him and asked how it was going. A bailiff who heard the remark told the judge, who sentenced Ress to five days in jail and fined him \$50 for contempt of court.

Guarding Your Health

By Dr. EDWIN P. JORDAN

The Growing War Against Heart Disease

For several years the American Heart Association has been spearheading the drive against heart and blood vessel disease. That fine voluntary organization has supported much research and has served to clarify and publicize what has already been accomplished and what remains to be done.

One of the most significant recent publications from the association is a pamphlet, "Facts and Figures," about cardiovascular diseases in the United States. For those who are interested, copies of the handbook may be obtained from local heart associations or from the American Heart Association, 44 East 23rd St., New York 1, N.Y.

Over the past 50 years diseases of the heart and blood vessels have grown more serious as a cause of illness and death.

In 1905, for example, diseases of the heart and circulatory system were responsible for about 24 out of 100 of all deaths in the United States. Today they account for over 54 out of 100.

THIS LOOKS SERIOUS and indeed it is. But it must be considered in part as the result of people living longer. The infectious and contagious diseases no longer take such a serious toll of the young, and more and more of us are living on into the later years of life when the heart and blood vessel

diseases are most likely to attack.

When this factor is taken into consideration, and the death rate is adjusted for the aging of the population, there has been an actual drop in deaths from these diseases over the past 15 years.

The fine booklet presents information on a number of questions which are commonly asked.

For example, "Which of the cardiovascular diseases are most important causes of death?"

The answer is that hardening of the arteries and high blood pressure are accountable for more than 90 per cent of all deaths from cardiovascular diseases. Strokes and heart attacks (coronary disease) are classified under these headings.

ANOTHER QUESTION commonly asked is, "At what ages are deaths most likely to occur from cardiovascular diseases?"

The largest percentage come in

the older age groups, but they can occur at any age. In this connection it is encouraging to learn that the death rate from rheumatic fever and rheumatic heart disease, which is most common among the young people from the ages of 5 to 24, has reached an all-time low.

It is also often asked whether there are sex differences in susceptibility to death from the heart diseases.

Here, as in almost all other respects, women are better off than men and have a lower death rate at all adult age levels. Why this should be the case is not clear, but is just one more evidence that the "weaker" sex is really the stronger, biologically speaking.

Less Chrome, too, As Designers Go Conservative

Cars to Have Cleaner Lines

By RAY CROMLEY
Detroit — (NEA)—New cars by the "big three"—Ford, GM, and Chrysler—are going to grow more conservative in the next few years. There'll be a swing from recent extremes, less of a jukebox look, less chrome, less rick rack on the outside, fewer weird color combinations. Super-size fins gradually will disappear. That's the thinking among top auto designers in Detroit. "We're aiming at cleaner lines... fewer bulges and bumps," says one front-rank designer. The trend is back to one-color cars. We're not going to have another like the model a few years ago when the body was black with a cream insert and a red roof. "WHAT CHROME there is will be more 'delicately' used, not in 'large blobs.' There will be a lot of experimenting to get more 'character' in well-liked colors such as green, black, beige and yellow. The aim is now for more subdued colors, a new 'richness.' There's a move back toward black cars again. 'But they'll be a richer black,' one stylist stresses. Interiors, too, are going to be more restrained, and blended with the outside. Some auto designers are intrigued with high-fashion colors. They're experimenting with car interiors that complement Paris gowns. Cars are not going to get longer. "We've reached the end of practicality there," says one auto man. "But cars aren't likely to get shorter either," he adds hastily. "Every time we think about shortening a car, people set up a howl. They say they need the room. They want big trunks." And cars won't get wider. THERE'S GOING to be more of the European look in American automobiles. Tops will grow thinner. There will be more glass, as engineers solve the problems of making thinner roof supports strong enough to meet safety tests. There are some big behind-the-scene arguments going on. Chrysler men say fins help car stability. Ford men say fins are for looks only. GM men are intrigued with the idea of a simple, one hand steering-accelerating-braking control, as on their experimental Firebird. The driver moves his hand forward to speed up, backward to slow down or stop, to the left of right to turn. Ford men say their tests indicate steering with a stick is more difficult for the average driver. REGARDLESS OF the arguments don't expect any extremes.

INTERIOR FOR THE FUTURE — No automaker has adopted this design yet, but it shows the way designers are thinking.

PRICELESS GIFT—Richard Bello, 13, of Glen Oaks, Queens, N.Y., gazes at Mrs. Eisenhower in the White House through donated eyes. Richard's lost vision was regained through the work of National Eye-Bank for Sight Restoration. Mrs. Eisenhower is a council member. Feb. 15-21 is National Eye-Bank Week.

Inside Labor

By Victor Riesel

Victor Riesel

That waterfront beatnik, Harry "The Nose" Bridges, whose powerful Longshore and Warehouse Union operated alongside our most sensitive Pacific defense installations, has been conferring almost nightly in Europe with the leaders of Communist units dedicated to the defamiation, the very destruction of the United States.

Among those Bridges has met since he flew out of New York's Idlewild Airport on Jan. 3 are officials of the Soviet global labor front, the World Federation of Trade Unions. There are U.S. government reports which refer to this WFTU as a "conduit" of money and manpower for the weakening of our military and naval strength. And CIA chief Allan Dulles has just dubbed the WFTU "a sinister power."

There are a thousand dossiers on the destructive efforts of WFTU agents assigned to create unrest in vital U.S. bases ranging from palm-fringed rocket-racking stations in the West Indies to Strategic Air Command retaliatory airfields in Near East deserts.

APPARENTLY Brother Bridges is not at all disturbed that he will be known by the comrades he kept in each city on a semi-circle swinging from Rome to the Near East and up to Moscow via Prague.

In Rome, for example, Bridges and his fellow traveler, brain-truster William Glazier, were greeted by two important Communist chiefs. Both are WFTU members. One doubles as a Communist party member of the Italian Parliament. Both have a vitriolic hatred of the U.S.

These outside-the-curtain comrades briefed Bridges on European politics and passed him on to others. And so the leader of San Francisco, Alaska and Hawaii longshoremen, warehousemen and field workers got to Mecca — I mean Moscow.

There he conferred with heads of the so called All-Soviet Trade Union Council. Of course, Bridges may simply have been traveling as a columnist for his union newspaper, "The Dispatcher." Thus he could see first hand what he had been praising long distance for so long.

"The Dispatcher," which some say he does influence, carried his column last Dec. 5 — in which he wrote an attack on the U.S. position on Berlin and a defense of the Soviet attitude.

Alongside Bridges' column in this edition was an article blistering U.S. policy in Lebanon, Egypt, Syria and Iraq and touring a bit to attack King Hussein of Jordan. This is the newspaper which is distributed to tens of thousands of the type of strategic workers I've described above. Brother Bridges will obviously not get the Pasternak treatment.

IN MOSCOW, where he arrived Feb. 7, Bridges discussed a Pan-

Pacific conference of maritime unions. Not all unions. Just selected brethren such as the pro-Soviet All-Japan Dockworkers Union; the Waterside Workers Federation of his native Australia, the Madras Harbor Workers Union of India (affiliated with the Communist-dominated national labor federation of India) and the Waterside Workers and Seafarers Union of Indonesia.

Calls for the conference in Tokyo on April 15 were dispatched by Bridges from San Francisco last December.

Strangely enough, those of us who follow such things found Information Bulletin of the Soviet-Labor Transport, Port, and Fishery Workers, officially published by the Communist WFTU, first mentioned the proposed conference in its October 1958 edition.

Now you may think it queer that anyone in walking distance of a good movie should spend time reading such bulletins. But this isn't like esoterically devoting yourself to the egg-laying habits of the whooping cranes.

That Transport, Port and Fishery outfit is part of the growing labor network which the Russians are weaving around Asia.

Some day they'll pull it tight and strangle the West's global commerce. And there will be wonderment. Where were we when the Russians were organizing hundreds of millions of workers in militant unions in new states which have been springing up overnight. We were at the movies, of course.

The final note is that Brother Bridges, power of our Pacific transport industry, found his reception in Moscow so much warmer than the weather.

WHEN! STILL ALIVE — Dazed but still alive, Hardy Hargrove, photo at left) sits in front seat of his car after a train ripped the car in two. Rear of car (photo at right) landed 50 feet away. Hargrove suffered cuts, his wife internal injuries. Both were hospitalized. The accident occurred at a crossing near Birmingham, Ala. Hargrove said he didn't see the train.

Almond Nibbles

Ingredients: 1 package (6 ounces) shelled almonds, 1 1/4 teaspoon salt, 6 cups bite-sized shredded corn cereal squares, 1/4 pound (1/2 cup) butter or margarine, 1/4 teaspoon garlic powder, 1/4 teaspoon onion powder, 1/2 cup grated Romano cheese, paprika.

Method: Do not blanch almonds; place in one layer in shallow baking pan. Dribble nuts with oil, sprinkle with 1/2 teaspoon of the salt; mix well. Bake in slow (325 degrees) oven, stirring once, for 15 to 20 minutes or until a nut broken in two looks pale tan inside; cool in pan. Melt 1/4 cup of the butter in a 10-inch skillet over low heat; stir in 1/4 tea-

spoon of the remaining salt, 1/4 teaspoon garlic powder and 1/4 teaspoon onion powder; add 3 cups of the cereal.

Toast, stirring often, until lightly browned—5 to 10 minutes. Remove from heat. Sprinkle hot cereal at once with 1/4 cup of the cheese and a little paprika; mix well. Turn out on paper toweling to cool and crisp. To clean skillet, add remaining 1/4 cup butter, 1/4 teaspoon salt, 1/4 teaspoon garlic powder and 1/4 teaspoon onion powder; toast, the same way and sprinkle with remaining 1/4 cup cheese and paprika.

Mix all of the cereal with the almonds. If not served at once, store in tightly covered container at room temperature. Makes 24 servings.

Party Casserole

One can condensed cream of chicken soup, 1 1/3 cups water, 1/4 to 1-3 cup finely chopped onion (optional), 1 teaspoon lemon juice (optional), 1/4 teaspoon salt, dash of pepper, 1 1/3 cups (4 1/2-ounce box) packaged precooked rice, 1 package (10 ounces) quick-frozen green peas, partially thawed (optional); 1 can chicken, drained; 1/2 cup grated cheddar cheese, paprika.

Combine soup, water, onion, lemon juice, salt and pepper in a saucepan. Bring to a boil over medium heat, stirring occasionally. Pour about half the soup mixture into a greased 1 1/2 quart casserole. Then in layers, add the packaged precooked rice (right from the box), the peas, and the chicken.

Add remaining soup. Sprinkle with cheese and paprika. Cover and bake in moderate oven (375 degrees F.) 15 to 20 minutes. Cut through mixture with knife or fork after 10 minutes of baking to help distribute soup mixture.

Note: If desired, remove cover after casserole has baked 15 to 17 minutes and place under broiler 3 to 5 minutes to brown the cheese.

King Crabmeat Flavors Favorite Creole Pilaf

Attractive, delicious one-dish meals are so convenient and so popular these days that busy women are on the look-out for new recipe suggestions. Not only are they work-time savers, but with the pretty skills and ease of preparation, they are a treat for the palate.

King Crabmeat Pilaf is a fine example—combining the big red and white chunks of king crabmeat with nutritious rice, tomatoes and raisins.

Pare, halve and remove seeds from fresh pears; cook in vanilla-flavored sugar syrup in a skillet. Serve warm with a dollop of sweetened whipped cream scented with grated lemon rind in each cavity.

Egg Punch the Italian way: serve in dessert glasses to be eaten with spoons. Lady fingers taste delicious with this.

meat, keeping chunks whole. In large skillet fry onions in oil. Add rice and fry until brown, stirring. Add broth and cook covered over low heat until it has been absorbed and rice is tender.

Add tomatoes, raisins, and crabmeat. Cook ten minutes. Serve with grated cheese or soy sauce.

1 6 1/2 ounce can king crabmeat, 1/2 cup chopped onions, 1/4 cup olive oil, 1 cup raw rice, 1 3/4 cups clear chicken broth or 1 3/4 cups (lam juice) 1 1/4 to 2 cups peeled and sliced tomatoes (2 1/2 cup raisins).

Salt and pepper to taste, grated parmesan cheese, or Soy Sauce, as desired.

Peas and Scallions

Ingredients: 2 tablespoons butter or margarine, 4 large scallions (green tops included and cut in thin diagonal 1-inch long pieces) 1 package (10 ounces) green peas, salt, pepper.

Method: Melt butter in 6-inch skillet over low heat; add scallions; cook gently, stirring often, until soft through. Cook peas according to package directions but use a deep 8-inch skillet and boil only 2 or 3 minutes, just until barely cooked through; drain and mix with scallions. Add salt and pepper to taste. Makes 4 small servings.

If peas and scallions are cooked ahead, do not drain peas; reheat both vegetables separately; at last minute drain peas and mix with scallions.

Tasty, Colorful Appetizers

SOMETHING WORTHWHILE: Prepare an attractive assortment of vegetable appetizers. They're popular these days because most of these tidbits are low in calories and their crisp texture, flavor, and color add zest.

You don't feel like taking the time to carve radish roses? We think radish accordions are just as attractive and so quick to fix. Leave some of the pretty short green tops on the radishes but cut off the root ends; wash in cold water and drain. Then just slice each radish crosswise into strips, but not all the way through, refrigerate and the slits will open like an accordion.

Some of the most attractive fresh vegetable appetizers are made with carrots. One we've been fixing for years, yet there are always some guests to whom the trick is new, and old friends continue to be charmed by these bright trifles. Scoop out the center of a large carrot, or use the top part of a medium-sized one. If you use the point of a swivel-blade vegetable parer for the scooping, the carrot center comes out easily. Then slice the hollowed-out carrot into rings and draw a few short sprigs of water cress through each; chill until serving time. The touch of green

the carrot, stuff the center with plain or seasoned cream cheese. Chill and slice just before serving. Try inserting some tidbits in pitted ripe olives. Slice the olives and poke a strip of carrot through each olive ring. If you like, you can use thin strips of milk white turnip for black-and-white nibbles.

Green peppers make attractive holders for cheese dunks. Cut cucumbers into long strips so eaters can dip them into the cheese dunk. Or fill the green pepper with a cheese spread and have plenty of small cocktail knives on hand so the cucumber strips may be covered with the cheese mixture. (Inexpensive short knives of this sort with ceramic handles and gay fruit and vegetable modeling are widely available.) You might like to fill one green pepper with a cottage-cheese mixture and another with a sophisticated Camembert and cream-cheese combination. Camembert, you'll find, adds piquancy to the other bland cheese.

Lifting the cover of the saucepan several times during the time green vegetables are cooking, will help preserve their attractive color.

Easy Flaming Cherries Jubilee

Every hostess wants at least one very glamorous dessert for her special entertaining. Yet it must be easy enough for her to prepare without mishap.

We discussed this problem with Roger Chauveron, owner of New York's fabulous Cafe Chauveron. He suggested Cherries Jubilee Flambee and showed us how it is prepared in his restaurant.

Cherries Jubilee Flambee
(Yield: 4 generous portions)
One pint brick vanilla ice cream,

erator. (If bulk ice cream is used, place an ice cream snowball or scoop in each bowl). Drain and place the pitted cherries in a shallow pan over low flame. (Make sure all the syrup has been drained from the cherries to insure a lasting flambee. Lightly sprinkle the cherries with powdered sugar. Add the brandy, cognac or Kirschwasser. Set aflame by tilting the edge of the pan over the fire. Remove the ice cream from the freezer. Spoon flaming cherries over it. Serve immediately.

Monsieur Chauveron also showed us how to make his Orange Chauveron Flambee, another unusual and de luxe dessert.

Orange Chauveron Flambee
One-pound jar orange marmalade, 12½-ounce jar preserved whole kumquats, 6 vanilla ice cream snowballs, 3 ounces cognac (or brandy or Kirschwasser, powdered sugar.

Place the snowballs of vanilla ice cream in individual serving bowls and return to deep freeze or ice cube compartment of refrigerator. Combine the orange marmalade and preserved whole kumquats which have been drained. Place in a chafing dish and heat cognac (or brandy or Kirschwasser) and ignite by tilting the edge of the pan over the fire. Re-

move the individual bowls of ice cream from the freezer and spoon flaming orange marmalade - kumquat mixture over it.

Brazil Nut Salad

One can (6½ ounces) crabmeat, ½ cup diced celery, ½ cup sliced Brazil nuts, 2 tablespoons chili sauce, 1-3 cup mayonnaise, 1 tablespoon lemon juice, ¼ teaspoon salt, avocado or tomato.

Shred crabmeat and remove

membrane; add celery and Brazil nuts. Combine chili sauce, mayonnaise, lemon juice, salt. Add to salad mixture, mix lightly. Serve with avocado or tomato wedges.

The Giant's Causeway is a remarkable formation of basaltic rocks on the northeastern coast of Ireland. They received their name from a legend that they were part of a walk or bridge built by giants on which to pass between Ireland and Scotland.

FAT OVERWEIGHT

Now available to you for first time without a doctor's prescription, our new drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No more starvation diets, strenuous exercises, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. Absolutely harmless. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX is sold on this GUARANTEE: You must lose weight within 7 days or your money back. Just return the package to your drug-gist and get your full money back. ODRINEX costs \$3.00 and is sold with this strict money back guarantee by:

Notice of Election on Tax Levy in Excess of the Ten Mill Limitation

NOTICE is hereby given that in pursuance of a Resolution of the Council of the Village of Leetonia, Columbiana County, Ohio, passed on the 21st day of January, 1959, there will be submitted to a vote of the people of said Village of Leetonia at a SPECIAL ELECTION to be held in the Village of Leetonia, Columbiana County, Ohio, at the regular places of voting therein, on Tuesday, the 5th day of May, 1959, the question of levying a tax, in excess of the ten mill limitation, for the benefit of the Village of Leetonia for the purpose of providing an adequate amount for current expenses of said village.

Said tax being a renewal of a tax of one and six-tenths (1.6) mills and an increase of two and four-tenths (2.4) mills to constitute a tax of four (4) mills to run for two (2) years at a rate not exceeding four (4) mills for each one dollar of valuation, which amounts to forty cents (\$40) for each one hundred dollars of valuation, for a period of two (2) years, beginning with the tax year 1959.

The Polls for said Election will be open at 6:30 o'clock A. M. and remain open until 6:30 o'clock P. M. Eastern Standard Time of said day. By order of the Board of Elections, of Columbiana County, Ohio.

C. L. Stacey, Chairman.
Frank R. O'Hanlon, Clerk.
Dated Jan. 21, 1959.

(4 1/2 ounces) small wet-pack cleaned shrimp. Method: Cut stems from watercress, leaving leafy top sprays; remove any leaves on bottom cut-away stems and add leaves to sprays. Remove any top fat from broth; turn into medium-sized kettle; add watercress stems—there should be a generous packed-down cupful; add water. Simmer about 10 minutes or until broth has distinguishable watercress flavor; strain, discarding stems. Return broth to kettle; add frozen shrimp and potato soups; slowly bring to boil, stirring occasionally. Add watercress leaves—there should be 2 cups packed down and cream. Drain shrimp, rinse in cold water and drain; add. Reheat slowly to wilt watercress leaves. Makes 8 servings.
